POLICE NAB 4 MINORS IN HILLTOP SKIRMISHES

THE TOWN RECORD

By MONTE DAYTON

"IF" speculation: If Officer JAMES BAIRD JR. hadn't "resigned" from the police force his case would have gone before the local civil service board of review.

If the incident would have happened earlier, could have been interesting—Baird's father, JAMES SR., was a member of the civil service board here.

Gateway Chevvie in Daly City, running wild on sales via an extensive advertising campaign, might try this gimmick for size: Send the five lowest salesmen out on a raft bound for Honolulu, Christen it the "Gateway" and sit back and watch the column inches of publicity pile up.

Contrary to a report published in a newspaper last week that said the Westlake Improvement association was "going broke" paying for its trees, association president Starr Dunham says, "We're better off financially now than ever in the history of the association."

ALICE BRAUMOELLER, well-known personality from THE RECORD office, ran into CARL and LORRAINE (she's the city librarian) ROLLANDI at Forest Lake resort, Cobb, Lake county, this week.

Seems like Daly City's migrated there for the summer.

RUDY WOLMUTH, manager of a "top of the hill" variety store and long-time hustling member of the Daly City-Colma Lions, has, for no announced reason, tendered his resignation from the club.

FRED BERTETTA JR., son of the local planning commissioner, has just been accepted to Santa Clara university.

Pop Bertetta says junior plans to major in forestry.

Last minute stuff: VAL OLSON, Broadmoor police commissioner who doesn't live in Broadmoor, has submitted his resignation, effective July 15.

Somebody's pushing somebody else for the job and that's why the helluva rush to get Olson out.

You said a mirthful: All the old master politicians were at the council meeting Monday night to propose a north county insurance association.

The big point they wanted to emphasize: There won't be any politics involved.

Reversal Of Traffic On Mission Circle Goes To Resolution

Reversing the flow of one way traffic on Mission Circle from north to south was approved by the council Monday night and City Attorney Frank Blum was directed to draw up the resolution making the proposal effective.

There was some discussion in favor of widening the road for two-way traffic travel, but the idea was turned down.

It was pointed out that two-way traffic would mean elimination of parking on the Circle.

Councilman Micheal De Bernardi said in view of the lack of parking facilities in the area, it would be drastic to cut down on the facilities further.

Daly City Woman Attempts Suicide

Martha Daily, 26, 64 Wilson street, Daly City, was rushed to Alemany Emergency hospital after swallowing approximately 50 Emperin tablets Tuesday, according to a police report.

Her husband, Orton, informed San Francisco police of the attempted suicide. Police said that Mrs. Daily was recovering from a recent operation and was apparently in a highly nervous state. She was released from the hospital in the custody of her husband.

Industrial Program Revealed To Council

A long-range program of Daly City industrial development, encompassing nearly 60 acres of unincorporated property, was presented to the city council in study session Monday night by the local planning commission.

If developed, the area's potential valuation has been set in excess of $1,000,000.

The proposal, as outlined to the council on a detailed map Monday by Fred Bertetta, will be presented to the county planning commission Wednesday at a public hearing for North county citizens on a proposed county zoning ordinance.

The county land use plan will concern all of the unincorporated areas of the county and will take up zoning regulations and other procedures.

Hearing In Daly City

The county hearing will be held at the Daly City hall at 8 p.m.

Since the land proposed for Daly City development is all outside the city limits, the commission hopes to have their plan considered at the hearing so that it may become a part of the county's over-all zoning system. If the county zones the land contrary to Daly City's plan, it might be developed with homes before annexation could be completed.

The property cited by the commission as ideal for industrial sites is bounded on the east by the El Camino Real near Colma, Inc., up to Junipero Serra boulevard on the west, down to Woodlawn cemetery on the south and Daly City limits on the north.

Sees Action Soon

He indicated proceedings for annexing the territory would probably be set in motion within the next "few months." According to Bertetta, several land owners in the area have expressed interest in annexation to Daly City.

Under the commission's proposal as offered to the council, all the property would be zoned M-1, for light industry.

No "down-grading" of clasification would be permitted, Bertetta said. He explained that in some cases where an area is zoned for in-

(Continued on Page 2)

Council, Planners To Take Up Subdivision Ordinance Tuesday

Daly City's proposed subdivision ordinance, which will do away with variances in building and subdividing and outline all procedure for such activities will be discussed by the city council and planning commission Tuesday night at 8:30 p.m.

The ordinance has ben drawn up by the city planners and, following some revision, is expected to come up for council approval about September.

HEARING CLOSED ON RE-ZONING FOR WAREHOUSE

Hearing on re-zoning Daly City fringe area property from R-1 to C-1 for establishment of a half-million dollar warehouse was closed Wednesday by the county planning commission.

No written or oral protests were made.

Application for the re-zoning is being made by Ricco Lagomarsino.

The property is located north of San Pedro road, between Washington and Dunk streets.

Quality Foods company has tentative plans for constructing a warehouse on the county site.

Recommendation for re-zoning the area will be forwarded to the board of supervisors by the county commission.

Council Calls Extra Meets For Bumper Crop City Business

City councilmen Monday night decided there was only one way to clean up the backlog of municipal business—extra meetings.

Councilman Micheal De Bernardi first suggested the special meeting plan, asserting that it was the only way to take care of the increasing amount of city transactions.

"It's a good idea. If you don't hold some extra sessions it'll take a year to clear up all the conferences with the commissions," concurred City Administrator Dan Andersen.

Mayor Joseph Verducci went along with the idea, but warned that, "We've got to make sure we restrict these special meetings to specific projects or we'll be meeting five nights a week."

City attorney Frank Blum advised that the council could expedite their extra-plenary sessions by being prepared for the various commissions on the nights they are scheduled to meet the council.

First extra session has been set for Tuesday night, when the council will first meet with the police commission, and later take up business with the city planners.

Andersen said, "Mr. Blum and I will lay out all the necessary information for you prior to the meeting so you can be prepared to discuss the matter at hand."

TAX RATE FOR SANITATION DISTRICT CUT

Property owners in the North San Mateo County Sanitation district will have the distinction of being about the only taxpayers in the county to see a reduction in the tax rate.

Board of directors of the district, which includes Daly City, Colma and Broadmoor, have set

(Continued on Page 2)

OLSON TO RESIGN BROADMOOR COP COMMISSION

Val Olson, member of the Broadmoor police commission although he has not lived in that community for six weeks, will resign his post at the next regular meeting, it was learned this week.

Olson, who moved to Novato, Marin county, six weeks ago, was expected to submit his resignation at last Thursday's regular meeting, but was unable to attend because his wife was stricken ill that day.

Although Olson's status on the commission was questioned during his residence in Novato, district Attorney Keith Sorensen said that while the law stipulates a commissioner must be a resident of the community to run for office, there is no clause that says he cannot move out of his district.

On Olson's resignation from the commission, the county board of supervisors will appoint a replacement.

Interests in the Sterling park area are seeking the appointment of Sam Peeples, unsuccessful candidate for the commission in April's election.

Westmoor Okays Lift-Slab, Olympia Asks Safety Report

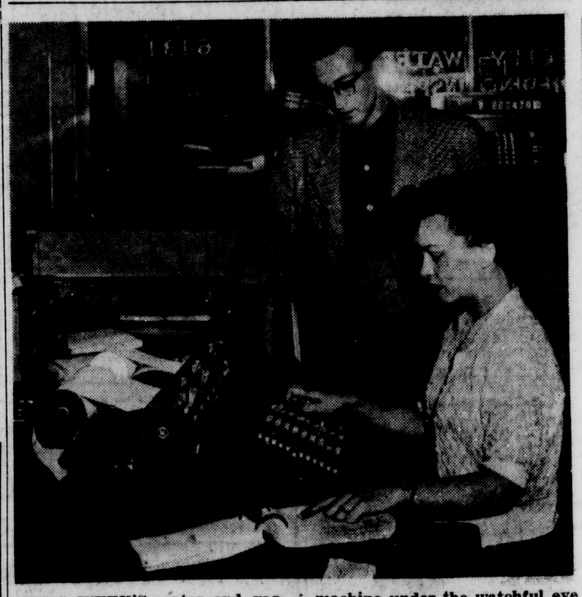
The lift-slab method of construction will be employed in the building of the new Westmoor high school despite the recent San Mateo Serra school accident, according to Superintendent of Schools Stanford Hannah. Elementary School Superintendent H. Z. Weibel will ask for a safety report on the Olympia school.

The high school board gave the go-ahead on the new method Monday night when they met with Architect Mario Ciampi and Structural Engineer Isadore Thompson to discuss the accident. It was agreed that the accident was due to an error and not to the actual system.

Eight persons were injured last Thursday at Serra school when the 300-ton lift-slab on which they were standing crashed to the ground when it was only a fraction of an inch from the top.

Lift-slab construction differs from orthodox building methods in

(Continued on Page 2)



THIS WEEK'S water and garbage bills are being tabulated on the new $3,000 billing machine recently acquired by the Water department. Beatrice Thimis is shown operating the machine under the watchful eye of Chief Clerk Alan Hertel. Hertel explains that due to the new machine bills may be a little late this month, although eventually time of billing is expected to be cut in half. RECORD photo

BAIRD RESIGNS FROM DALY CITY POLICE FORCE

Policeman James Baird Jr., 35, suspended from the force last week after charges that he attacked a superior officer with a billy club, submitted his resignation to the city council Monday night.

He gave his reason for resignation as being unable to fulfill the city employees' residence requirement, explaining that he was moving out of town.

Sgt. Dean Wood claimed that Baird came at him with a police billy club July 11 after Wood had called him down for failing to heed police regulations.

The suspended officer was scheduled to appear for hearing on the charges Tuesday night, but the hearing was called off following Baird's resignation.

DC INSURANCE GROUP FORMED; ASK DC BUSINESS

A non-profit association of north county agents that would handle the city of Daly City's insurance business and "foster sound and legitimate insurance practices" was proposed to the city council Monday night.

Peter J. Markovich, president of the newly-formed North Peninsula Insurance Agents associated, spoke for the group.

He said, "This is not a political organization."

Asked by the mayor if the association would set itself up as a "screening group" to determine who was qualified to join, Markovich said, "Any reputable insurance agent is invited to make application for membership."

According to Markovich, the association would "support right principles and ever oppose bad principles in the insurance business: to eliminate unqualified agents who secure 'certificates of convenience' which allow them to sell insurance before they are tested."

He added that the group would sponsor safety drives, fire prevention programs, plus safety calendars in schools and safety stickers for car bumpers.

Markovich explained that the group is organized on a national,

(Continued on Page 2)

Water Department Employs New $3000 Billing Machine

Water and garbage bills will be mailed out on time from now on with the aid of the new $3,000 billing machine recently acquired by the Water department, according to Alan Hertel, chief clerk.

The Burrough-Sensimatic machine, which is being initiated this week, is supposed to cut the time in less than half, Hertel explained. The machine is expected to issue 150 to 200 bills an hour whereas by the old method only 60 bills were completed in an hour. Work that took two weeks before is now expected to be completed in a period of five or six days.

The new system of billing was apparently inaugurated after numerous complaints from residents that bills were late and filled with errors. Remington-Rand company had been sending out the bills for the Water department on a fee basis, according to Hertel.

Also acquired by the Water department recently is a new Graphotype machine which embosses metal plates used in addressing bills. The cost of this machine was about $1600, according to Hertel.

The water plant is housing the machine right now because of the terrific noise when the machine is in use. Hertel explained that the Graphotype will be moved back into the department office when the 9,000 new plates are completed.

This addition will also be a time-saver to the department because, unlike the old machine, the keyboard is exactly like that of a typewriter, Hertel explained.

DC Theater Asks For "Clemency" In Assessments

Meeting as a board of equalization Monday night, the city council heard a "plea for clemency" on property assessment from James Stanton, representing the Daly City theater.

He explained that the theater is operating only three days a week, but is currently negotiating to convert the building to a super market or bowling alley.

Stanton asked for one year of reduced assessment. "By that time we should have the building converted to useful purposes," he said.

The council took his request under consideration.

The board of equalization session was adjourned until next Monday, at which time persons with assessment or tax protests may be heard.

Misunderstanding On Punishment Story

In an article last week in this newspaper on corporal punishment, no intention was made to insinuate that Miss Elizabeth Kennedy believed in corporal punishment in schools.

The article read, "All of the principals contacted except one denied the use of corporal punishment. Miss Kennedy said she had not formed a policy."

It should have read "all of the principals denied the use of corporal punishment." Miss Kennedy said, however, that she would cooperate with the board of trustees on punishment methods.

Miss Kennedy states she believes counseling and guiding will do more for the child than any type of punishment.

THE RECORD in no way intended to give the impression that Miss Kennedy believed in corporal punishment and any interpretation of the story to that effect is false.

GIRL REPRIMANDED; STARTS CLOSET FIRE

Reprimanded by her sister for playing with matches in the basement of her home, an eight-year-old Daly City girl went upstairs and started a fire in a closet this week, resulting in minor damage to clothes and the closet walls.

The local fire department was called at 7:30 o'clock Sunday evening, after Dolores Tydingco, daughter of Mr. and Mrs. Carlos Tydingco, 149 Hillcrest drive, had started a blaze in a closet at her home.

Firemen said young Dolores had been told by her sister, Judith, 9, to stop playing with matches. After being reprimanded, the child went unstairs and started the blaze, Fire Chief Elmer Kennedy said.

Volunteer companies 1, 2 and 4 and the regulars from company 5 were summoned to the scene, extinguishing the fire in about five minutes, Kennedy said.

Although damage was slight, no exact estimate was made, according to the chief.

SUPERVISORS' BOARD TO CONSIDER MUNI BUS PROPOSAL AUG. 9

The San Francisco board of supervisors will consider the Public Utilities commission recommendation on the continuance of Municipal bus service to Daly City on August 9.

Last week the PUC approved a Daly City proposal which will continue the operation of Municipal buses here on a trial basis for six months.

If the recommendation is passed by the board of supervisors transfers will be eliminated on the No. 56 (cemeteries) bus line and one bus will be eliminated on the No. 76 (Westlake-Broadmoor) line.

The resolution would go into effect in 30 days.

Purpose of the transfer abandonment on the No. 56 and the elimination of one bus on the No. 76 is to minimize or do away with the Muni's annual $61,000 operating loss for the two bus lines.

The August 9 meeting will be held in the San Francisco city hall at 2 p.m.

DC FINANCES NOT REPORTED FOR FIVE YEARS

Publishing of an annual financial statement, an action required by state law governing sixth class cities, has been neglected for at least five years in Daly City, it was learned this week.

Councilman Sanford Vickers, addressing the chairman, asked Monday at the city council meeting if it wouldn't be possible to issue an annual city financial report for publication.

City Clerk B. C. Ross said "there was some question" about whether it had to be published. "But some councilmen objected to it, to be frank," Ross revealed.

City Attorney Frank Blum said he thought publication of the report might be compulsory. On investigation this week, Blum confirmed his opinion and said that the publication of a financial report is directed under state law.

COUNCIL ASKS CHECK LIST OF CITY ACTIVITIES

A "check-list" system to insure city councilmen that all directives given by them to the city administrator and attorney are carried out was launched Monday night by Mayor Joseph Verducci.

Verducci said, "Each week we give you a list of matters to check on and there's no way of telling what transpired on these matters.

"I believe there should be an 'unfinished business' list that shows us exactly how you stand on directives issued by the council," Verducci told Administrator Dan Andersen and Attorney Frank Blum.

"It's easy for us to forget what we've told you three weeks ago," Verducci continued. "With a list such as this it would simplify things."

Andersen said it would "be a very simple matter" to make a weekly report on what has and hasn't been done.

The administrator indicated he would put the system into use for the coming meeting next Monday.

Offer Of Garbage Proposal Withdrawn

After checking the Daly City Scavenger's contract with Daly City and determining that costs of operation would be too great, LeRoy Martelli, 180 East Vista, decided not to offer a proposal for handling local garbage.

Martelli, a stockholder in a San Francisco scavenger firm, appeared before the council and explained that the cost of wages and securing a fill and cover site would be too great. "I couldn't even offer an 85 cent rate under the present situation," he said.

The Daly City Scavenger Co.'s proposal for a 25-cent a month increase in rates is still pending before the council.

Chief, Muni Judge To Crack Down On Drunk Cases

Daly City police have been busy recently picking up (literally) six men, four of whom were minors, from the area in or about the Hilltop lodge, 6296 Mission street.

George Kirchhubel, owner of the lodge, recently appeared before the city council to object to the police commission investigation of his place which is now being conducted. Kirchhubel pointed out to the council that he is running a clean place with the aid of local police.

The local police released a list of instances in which they have "aided" Kirchhubel to keep a clean place to the press this week.

A San Francisco mechanic last weekend had the dubious honor of piling up the longest list of charges which included two counts of assault and battery, disturbing the peace, resisting arrest and being drunk in a public place.

Police were called to Kirchhubel's bar early Sunday morning, when Gordon Kappes, 27, 180 De Long street, San Francisco, allegedly began using profane language and breaking the glass on top of the bar because he had been refused service.

While Officer John Coleman was taking Kappes into custody,

Municipal Judge Thomas L. Bocci and Police Chief Roland Petrocchi announced today that they are both cracking down on persons picked up for drunkenness and disturbing the peace.

Judge Bocci's policy from now on will include a stiff fine plus a probationary period during which time the convicted person will be ordered to stay out of Daly City.

In line with the new policy, Hilltop lodge customer Paul R. Castillo, 20, 1207 Rhode Island street, San Francisco, today was given a 30 days suspended sentence and placed on a 90-day probationary period during which time he is ordered to stay out of Daly City. He also was fined $100.

William J. Cline, 20, 59 Britton street, and Joel L. Bottero, 18, 2101 Bayshore boulevard, both of San Francisco, were also given stiff sentences by Judge Bocci today. Both were given a suspended 20-day sentence plus a probationary and "stay out of Daly City" period of 90 days. The fine in both cases was $50.

The two were picked up separately by police Sunday on Bepler near Mission street and charged with drunkeness. Bottero was found to be carrying an altered draft card to indicate that he was 21, according to police.

Kappes took a swing at Coleman and in the skirmish that followed, pulled Coleman to the floor, tearing the officer's jacket. Bartender Dan Palais was kicked in the leg during this part of the evening's

(Continued on Page 4)

SALESMAN CHARGES ILLEGAL PROCEDURE ON PUMP BID SPECS

The city council may have proceeded illegally in drawing up specifications calling for bids on a submersible pump, a salesman from the Fairbanks-Morse Pump company said Monday night.

Lewis Efremski Jr., representing Henry J. Wrigley Pump Co., one of the four bidders on the pump, said that the council had drawn up specifications in such a manner that actually only one company, Pump Repair Service, would be entitled to bid. According to law, low bidder must win the contract unless his product fails to meet specifications.

Gus Ford, water department superintendent, in a letter read to the council Monday, said he was in favor of awarding bid to Pump Repair Service, who submitted the high bid of $8106.84.

The Wrigley company's bid was more than $1000 lower, at $6553.83. Hubbard Machinery company submitted a figure of $4989, but the council said delivery on the machines was too slow.

The other bidder was Hatch Drilling company, with a price of $5228. Prior to Monday night's meeting, however, a Hatch representative contacted City Administrator Dan Andersen and asked that their bid be withdrawn.

In their bid, the Wrigley company specified that they will supply a Fairbanks-Morse pump. The Pump Repair Service company

(Continued on Page 2)

RECREATION NEWS

It seems that the War Memorial Building is fast becoming a pint-sized motor dome. On Friday of last week, four different children brought in identical model kits for a midget race car. More are sure to follow as the kits made a big hit with others who were present. We have two MGs completed and they really look sharp with their two-tone paint jobs of maroon and cream and green and cream.

So far in our leathercraft department we have seen some very fine ladies' vanity sets and anyone would be proud to own the wallets being made by the high school girls.

Paul Sobel, instructor in hobby craft, hit upon this interesting fact. "We have used six pounds of aluminum foil and eight pounds of copper for tooling purposes to date. The interesting part is that one pound of aluminum foil, one foot wide is 16 feet long or we have used enough aluminum to make a raised picture 96 feet long. Our copper picture would be 80 feet long if all plaques were set end to end next to each other."

Archery

Scoring of archery was held at the various parks and schools. These are the scores:

JEFFERSON ELEMENTARY—Mike Blume, 3.4; Melvin Horne, 3.4; Barbara Mootes, 1.5; Peter Farrell, 2.1; Richard Hillman, 1.9; Joseph Bellentini, 1.0; Judy Moffitt, 1.3; Gloria Sigler, 1.2; and Betty Ann Callan, 1.6.

CROCKER SCHOOL — Leroy Davis, 3.9; Ronald Davis, 2.8; Milton Wagner, 1.8; Steve Iden, 2.7; George Roa, 2.0; Christine Iden, 1.3; Gilbert Gooden, 1.3; Charles Bruce, 1.7; John Roa, .9; Diane Starkovich, 1.8; David Von Gladn, .8; Russell Von Gladn, .4; Dennis Fitzpatrick, .4; Don Perter, .7; and Richard Beutier, .7.

JEFFERSON HIGH — Jerry Hyndman, 1.8; Mike Blume, 1.4; Bill Hix, 1.1; David Dugan, 1.3; Leroy Davis, 2.2; Bob Goodwin, .8; and Ronald Davis, 1.0.

MARCHBANK PARK — Wayne O'Neil, 2.5; Lawrence Darp, 1.5; Mike Walton, 1.1; Alan Storm, 1.3; Mike Sibitzer, 1.4; Larry Braburn, 1.6; Matt Jones, 1.1; Dick Guzzo, .7; Marilyn Suchomel, 8; Richard Reed, .6; John Lobsinger, 1.4; Gerald George, .7; Douglas Bradford, 1.0; Richard Bradford, .3; Sharon Lynch, .4; Carol Cunningham, .7; and Barbara Jones, .2.

Ladder Tournament

A ladder tournament is to be started at the end of this week. All of the various parks will participate and two champions will be chosen from each park to enter a playoff tournament to determine an over all champion. Anyone who wishes may enter this tournament providing that they are at least in the third grade.

Community Center

Boxing, wrestling, and tumbling are still the most popular activities of this year's summer program at the Community Center.

The boxers and wrestlers have shown such vast improvement in the three weeks that the program has been in existence that a mammoth boxing and wrestling show is being tentatively planned for Friday, July 30. Expected to perform in the show are Jerry Morgan, Bill Long, Willie Taylor, Dennis Jefferson, Ernest Montoya, Frank Mortarana, Bruce Lovazzano, Tommy Wallis, Mike Kennedy and Danny Rasmussen. These athletes work out daily from three to five. Anyone interested in participating in the show should contact Frank Ingersoll at the Community Center.

The Tumbling Club has now swelled to forty members with new arrivals coming in increasing number. Leading the tumbling competition at the present time are Paul Giami, Roger Stahl, Tommy Wallis and Jerry Morgan. The tumbling group meets every Tuesday and Thursday at 10 o'clock.

Children who attend the Community Center regularly are still raving about the wonderful Marchbank Carnival put on by the Recreation Department under the excellent direction of Leslie Linhares and Mike Sibitz. Approximately five hundred Daly City youngsters enjoyed the program to the fullest.

Frankfort Playground

On June 30 a fair-sized group of boys and girls from Frankfort playground walked to Thornton Beach. The children enjoyed the surf and the roasted hot dogs. Among those who attended were: Bruce Wagner, Eric Noby, Cookie Heffron, Sheila Waite, Ronald Bontempi, Eddy Larios, Michael Kenny, Cecilia Villa, Manuel Villa, Linda Marquez, Teddy Marquez, Michael Smyzer, Linda Larios and John Kenny.

Martin Weckerly and Milton Heimlich are becoming quite adept tether-ball players. Pinky is a popular game at this playground. Manuel Villa and Eddy Laruos find this sport to their liking.

Those who enjoyed the trip to the San Francisco Airport July 7 were: John Kenny, Raymond Kenny, Cookie Heffron, Sandra Mucahy, Mary MacDonald, Arlene MacDonald and Sheila Waite.

These boys and girls eagerly related the eventful trip to those who did not go. They were so enthusiastic that Victoria Caine, Vivian Caine, Jonathan Caine, Susan Everett and Billy Everett decided to go on the same outing Tuesday, July 13.

July 9 twenty children from Frankfort playground joined the other parks on an excursion to the zoo. Those attending were: Cecialia Villa, Gloria Ciarlanti, Mary Ellen Villa, Cookie Heffron, Rosemary Villa, Jonathan Caine, Billy Everett, Raymond Kenny, John Kenny, Mary MacDonald, Arlene MacDonald, Sandra Mulcahy, James Nail, Vivian Caine, Vicky Caine, Susan Everett, Manuel Villa, Frank Villa, Richard Villa and Eric Noby. This group was fortunate to see the newest additions, the five week old tigers and the penguins.

John and Raymond Kenny, Michael Smyzer and Frank Taylor enjoyed themselves immensely on the fishing trip at Lake Merced.

Many youngsters participated in the Carnival at Marchbank. Among these were: Mary MacDonald, Arlene MacDonald, Sandra Mulcahy, Raymond Kenny, John Kenny, Michael Smyzer, Sandy Modeen, Susy Mudeen, Paulette Frazier and Eric Nuby.

Crocker School

Miss Ina Bryant, director of the arts and crafts program, took us on a "Cook's Tour" of the arts and crafts program in action at the Crocker school. We were greeted at 1 p.m. by 50 to 75 youngsters who helped carry in the tools and supplies to the classroom. Upon entering the busy workshop, we found Eddie Baker selling Pyrocord to David Misner, Lorrie Ann Hill, Patty Corner, Janice Gill and Cheryl Fistolera who are going to make key chains for their parents. Bobby Bryan and Dennis Kelly are planning to make belts for their Dads.

At a large table used for the little children, were 15 to 20 children doing finger painting. Some who were hard at this fun-loving task were Joyce and Ronnie Di Maggio, Janice Keith and June Brown.

At the next table we found some older girls making pictures from aluminum foil. These girls have been very clever in making their own designs. In this group were: Carolyn Waller, Linda Howes, Darlene Witte, Victoria Phillips and Sharon Friend.

Still another group was working with colored paper in the art of making mobiles to decorate the workshop. Marilyn and Lorraine Frippo made colorful fishes, while Rosaline and Marrianne Santiago made clown faces. At another table we found David Ramay making an ostrich and Jimmy Tangwell making a paper mache elephant. Going around the room we observed some beautiful wood-burning being done by Dianne Starkobich, Mike Waller, Wally Atkins and Owen Johnson. At the last table painting pictures and painting puppets designed from sawdust were Judy Baker, Jimmy Phillips and Jimmy Waller.

The crowd works hard on their various projects and Miss Bryant told us that it is very difficult to get the children to leave at 4 o'clock.

California originated 36 per cent of the total U. S. rail shipments of vegetables in 1953.

Industrial Program Revealed To Council

(Continued from Page 1)

dustrial development, buildings in lower classifications, such as a family dwelling, are permitted.

"We would like to limit the entire area to industrial development," he continued.

The commissioner also said that the industrial program should be launched with "one great annexation, without any of these piece meal proceedings."

Must Approve

At least 50 per cent of the property owners in the area must approve before annexation proceedings can be started.

Following public hearings the land may be annexed if those in favor of the action outnumber the opponents.

While Daly City would still derive benefit from county and school district taxes levied on the industry if the land was left unincorporated, the city would receive triple tax relief if the property was annexed, Bertetta pointed out.

The purpose behind the acquisition of industry is to relieve some of the tax placed on homeowners and to promote commerce for the area.

When the balance between residential and industrial development becomes weighted towards the former, the financial burden of maintaining all the municipal, county, school, and special assessment district services and facilities falls primarily on the homeowner.

Local Private Charged With Army Desertion

Louis J. Chelossi Jr. was picked up by Daly City and military police last weekend on a charge of army desertion since July 8. Pfc. Chelossi, 22, was found at the home of his mother, 4½ Vista Grande avenue, and taken into custody. He was turned over to the jurisdiction of the Provost Marshall's office at the Presidio of San Francisco.

Westmoor Okays Lift-Slab, Olympia Asks Safety Report

(Continued from Page 1)

that the roof is formed from huge concrete sections which are poured on the ground and then raised into place.

"I can't understand the accident, allowing 300 tons to be braced only on one side," Hannah told THE RECORD this week.

Accidents Occur Anytime

Ciampi explained this week that accidents occur with every type of building construction, but declined to hazard a guess on the specific cause of the accident on the ground that he did not actually see the Serra school accident.

"The process has been used in construction of from six to seven million square feet of buildings all over the United States, and, to my knowledge, this is the first accident which has occurred," he added.

Request Report On Olympia

Elementary school officials will request a Division of Architecture report on the structural safety of the Olympia school, which was the first school to be constructed by the lift-slab method in this area.

"It is anticipated the report will indicate the building is entirely safe since many buildings erected with the lift-slab method are now in use. The Board of Trustees, however, want every assurance the building is safe," Superintendent Weibel told THE RECORD this week.

Weibel explained earlier that if there had been any question about the construction method he did not think the state safety engineers would have approved it.

Another investigation of the accident is being made by Swinerton & Wahlberg company, builders of Serra school. Work on the school will proceed with the exception of the lift-slab process until the report is issued, according to Company Executive Paul Elsner.

"The report will investigate two possibilities: the lift-slab as applied to this particular job and the actual design of the construction method," Elsner explained.

'Very Serious Question'

Saying that the accident "raises a very serious question," he explained that the report will mean sifting eyewitness accounts and re-analyzing the original drafting plans. He said the report will probably be completed in 10 days to two weeks.

Architect of Serra school Vincent G. Raney told THE RECORD this week that the accident had no bearing at all on the type of construction, and that he plans to employ the lift-slab process in designing Our Lady of Mercy school in Westlake, which is still to be bid.

"It is the same as if we had been using wood-frame construction and a few beams fell," he explained.

Improper Bracing

Raney placed the cause of the accident on the lack of a guy wire which meant that one side of the slab was braced and not the other. He added that perfect balance must be maintained in construction of this sort.

"A man with a rope might have prevented the accident," he continued.

"If I hadn't been there at the time of the accident I would have been exceedingly worried about the method of construction, but since I actually saw the lift-slab fall, I know it was not the fault of the design," the architect explained.

William O. Miller, San Francisco representative of the Vagtborg Lift-Slab corporation, told THE RECORD this week that further work on the school is pending not only the investigation, but repair work on broken equipment. He could not offer further information as to the cause of the accident.

Salesman Charges Illegal Procedure On Pump Bid Specs

(Continued from Page 1)

stipulates use of a Byron and Jackson pump.

According to Ford, the city has used the Byron and Jackson pumps for many years with success.

"Why should we take a chance on a new pump when we know what we're getting with the other," the superintendent asked.

Efremski charged that in the specifications set down by the council a "Mercury Seal" was called for.

"How can another company bid when you know there's only one outfit that carries this specification? It's only a trade name," the salesman said.

The salesman went on to say that his product was equal in every respect, perhaps superior, to the pump mentioned in the Pump Repair Service bid. He also stressed that the fact that there was more than $1500 difference between the two bids.

In view of this, the council decided to hold up awarding of bid until Monday night, when City Engineer Ed Smith could be consulted.

The submersible pump is needed for the No. 8 well in back of the pumphouse at Citrus and Niantic streets.

FISHING LICENSES

Sale of fishing licenses in California hit an all-time monthly high during May of this year when 231,000 licenses were sold, reports the National Automobile Club. Highest sales prior to that month had been in May of 1953, when 207,000 licenses were sold.

DC Insurance Group Formed; Ask DC Business

(Continued from Page 1)

state and county level, and that Daly City is a member of the county organization.

The association representative said his group would be able to serve all local political subdivisions, "resulting in better and more economical service from our combined knowledge."

To date, nine firms are members, Markovich stated.

Officers in addition to Markovich are Mell Battye, vice president, and Walter Brodie, secretary-treasurer.

The council took the proposal up for consideration.

Tax Rate For Sanitation District Cut

(Continued from Page 1)

the rate for the 1954-55 fiscal year at 16.5 cents per $100 valuation.

Last year's rate was 19.1 cents per $100 valuation.

The cut would mean an annual reduction in taxes of about 80 cents for a resident whose property is assessed at $3000.

One reason for the reduction, directors said, was an increase in the district's valuation. The rate for the coming year was based on an overall assessed valuation of $30,000,000.

Another factor allowing the rate cut was a balance remaining from the 1952-53 operating fund.

Of the 16.5 cents rate for the coming year, 8 cents will go toward supplying money for the general fund, while the remainder will apply toward bond interest and redemption on the $600,000 sewage treatment plant bond approved by district voters last year.

The general fund taxes will bring in an estimated $24,000.

Police Find Missing Car But Minus Motor

A complaint was filed Wednesday with police stating that thieves stole the motor from the car of Edmond Gitschel, 24, 166 Ashland drive. Gitschel reported the missing car first when he found it missing from a parking space near his home. The car with missing motor was later found by police off Skyline boulevard.

COUNCIL APPROVES SANITATION POLICY

An agreement between Daly City and the North San Mateo county sanitation district was approved Monday night by the city council.

Actually the agreement will make no change but only makes the existing policy official, according to City Administrator Dan Andersen.

Terms of the agreement are that Daly City will do all work to properly maintain the sanitary sewerage of the district and will furnish men, material and equipment in return for payment from the district. All work will be done under the supervision of the district.

The district promises to pay the city $2.11 per man-hour spent by city employees plus $2.50 per hour for use of city-owned equipment. Reimbursement to the city for the cost of materials also is pledged. No interest is to be charged.

Other stipulations in the agreement call for accurate monthly statements of payments due by the seventh day of the month and payment by the district before the last day of the month.

The agreement may be terminated by 60 days written notice by either party concerned.

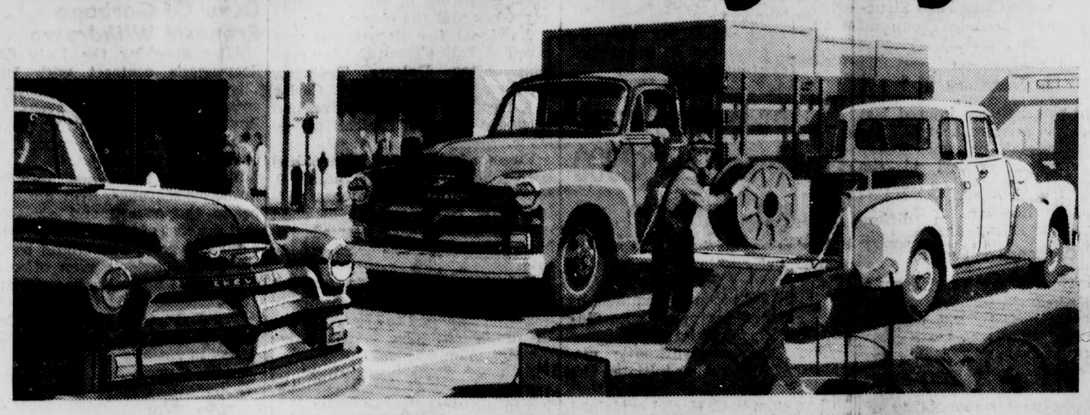
New, bigger load space!
New, lower loading height!



New Chevrolet Trucks...
do more work per day . . . more work per dollar!

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower *plus* increased operating economy.

You save extra trips. That's because of extra load space. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on ½-, ¾- and 1-ton models.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck.

FIRST IN SALES year after year! CHEVROLET

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

TIME FOR A STATEMENT

Since 1949 the city of Daly City has failed to publish a report of financial status.

We have long believed that "stockholders" of the municipal corporation are entitled to know just where their organization stood.

Apparently, back in 1949 some city official didn't, because the financial report hasn't been printed for the benefit of the taxpaying citizens since that time.

In that interim between 1949 and today, there remained some question as to whether publication of the financial report was a legal requirement.

We learned this week, through the courtesy of the city attorney, that according to state law governing sixth class cities, "the city clerk shall cause to be published annually a financial report."

It is lamentable that the city failed to heed the law for the past four years, thus depriving the stockholders of their statutory right to know where their money's going.

Whether this was intentional or merely an oversight, we are not prepared to say.

But now that the question has been cleared up by an examination of the laws, we hope the statute will be put into application immediately.

A PROBLEM FOR THE PEOPLE

If the San Francisco board of supervisors approves the route change for the No. 76 bus and the rate adjustment on the No. 56, both of which appear imminent, continuation of municipal bus service here is going to be dropped right in the laps of Daly City and Broadmoor residents.

The public utilities commission has already sanctioned the two proposals, which were designed as a last ditch effort to avoid total abandonment of muni bus service here.

Under the set-up, the rate and route changes will be given a six months trial period to determine if the muni's annual $61,000 deficit on the two lines can be eliminated.

City officials must be commended for their diligence in continuing negotiations with the muni and finally arriving at a solution that met with their approval.

But the city fathers can't be held responsible for seeing that the muni's coffers are filled during the six month trial period.

If the people of Daly City really want transportation, they'll have to show it by their patronage on the lines.

Should the muni show a continued loss, operating the No. 76 on a shoestring route, and the No. 56 without transfer privileges, it stands to reason that outside public carriers won't be over anxious to "drop anchor" here.

We said it before: The problem is right in the laps of the people.

Letters To The Editor

Westlaker Praises Efficient Fire Dept.

Gentlemen:

I would like to take this opportunity to compliment our Daly City fire department.

We live in Westlake and recently reported a fire in the basement of the home next door. It seemed only seconds before the first fire truck arrived, and within a few minutes several other trucks were here. The fire had a good start, but the firemen very efficiently got it under control in a short time and just as efficiently cleaned up the debris.

This was our first experience of this type since moving to the bay area in 1946, and, needless to say, we were quite impressed. Like other taxpayers, we've often wondered whether we were getting any benefits, but this one experience has assured us that, in Daly City at least, we're certainly getting our money's worth from the fire department.

Since most of us are usually eager to register complaints against city services, I thought perhaps a "pat on the back" might be welcome for a change.

Yours truly,
Harold E. Shaw
802 North Mayfair

Local MS Victim Asks Aid For Drive

Dear Editor:

I would like to ask a favor of your paper.

I've been living in Broadmoor Village since 1946. As you remember it was really pioneering out here then, but I loved every minute of it—meeting so many new people, doing some community work and trying to help wherever I could.

Now I'm a "shut in"—can't walk anymore—but I'm still living in hopes. Hoping that research will some day find a cure for this dread paralysis known as M.S. (Multiple Sclerosis).

At the present time there are more people with it in our country than there are with Polio and it's increasing by leaps and bounds. Just in this area alone there are three of us with it, Mrs. Robert Smith of Broadmoor, Mrs. Robert Roach of Sunshine Gardens and myself—mothers of growing children—believe me, it is a struggle.

I would like to ask your readers if they will please help the M.S. campaign that is on at the present time with a donation, regardless how small. We with M.S. will be so grateful to all of you, believe me. We never know who it will strike next or where.

I know there is such a demand for contributions but this time your money will be helping three of your neighbors.

Thank you,
Mrs. W. D. Chessman

Broadmoor

Property Appraiser Warns Homeowners

Dear Editor:

"FOR SALE and OPEN FOR INSPECTION signs have a tendency to depreciate the value of your greatest investment, your home. Can we protect this investment? Most of us depend on a real estate broker who works for the benefit and welfare of seller and buyer. He must use diligence and effort in procuring a purchaser and, if property is sold, receives in compensation five per cent of selling price.

"At present we have an organization known as Multiple Listing Service. We also have our newspapers and other sources to help secure a purchaser. It is detrimental for a selling broker and client to see so many FOR SALE signs. Is it a wonder clients become skeptical?

"If you want to sell your home and keep its true value, have your neighbors remove their For Sale signs and let your home sell itself.

"Don't be alarmed if it does not sell at once—remember there is a buyer for old or new. Let your broker advertise your home and his firm. Don't neglect that well-kept look. A little paint can work wonders. It is not enough for a gardener to love flowers; he must also hate weeds.

"Remember, your home is your greatest investment."

Del C. Wilson

San Francisco is the only city in the United States which includes an item in its tax rate for support of its symphony orchestra.

LION TALES

By Joseph Belli Jr.

The third annual Fishing Day was held at Lake Merced on Wednesday, July 14, 1954, and was hailed a huge success. Considering the weather which was quite foggy, some one hundred children attended the event. Sandwiches, milk and ice cream were served to the children with the compliments of the Lions Club. Three cash prizes were awarded: 1st prize of $5.00 went to Tom Parrish of 6131 Mission street, for the largest fish caught. Second prize of $3.00 for the second largest was given to Jack Cooney of 445 Westlake avenue, and the third prize of $2.00 was given to Anthony Stagnaro who resides at 1875 Junipero Serra boulevard, for the smallest fish caught. The club wishes to extend its appreciation to the Daly City Recreation committee for the wonderful support they gave to club at the lake and that was to keep a guiding eye on the children at all times while they were at the lake.

On Saturday evening, July 24, the Peninsula Council of Lions Clubs will hold their annual installation nite at Bob's on Broadway in Burlingame. The Peninsula Council is an association of the following clubs, Brisbane, Daly City-Colma, North Coastside, South San Francisco, Millbrae, Burlingame, Half Moon Bay, San Mateo, Belmont, San Carlos, Redwood City, South Redwood City, East Palo Alto, Menlo Park, Palo Alto, and South Palo Alto. This group meets once each month for the officers of each club and in that way they can discuss future plans and activities for the general area.

The weekly program for Wednesday, July 28, will be the responsibility of the program chairman for the day which will be Lion Gil O'Shaughnessy. Although no information has been received, I am sure the program that he selects will not only be interesting but will be enjoyed by all who are present.

CALLAN HEIGHTS No. 2 ASSESSMENT BEFORE SM COUNTY BOARD

Assessment of Callan Heights No. Two residents for area improvements is now under consideration by the San Mateo county board of supervisors.

The local city council passed a resolution Monday night requesting assessment consent from the board since a portion of the Callan Heights area is unincorporated and, therefore, comes under the jurisdiction of the county.

The council approved the assessment the same evening and also rescinded a resolution passed June 14 which did not take into account the unincorporated areas.

Residents of the following defined area will be assessed for improvement if the measure is passed: Chester street from Orange street to Atlanta street, Atlanta street from Chester street to Hoffman and Orange streets from the southeasterly line of Callan Heights No. Two to Hoffman street.

SF Woman Threatens To Sue DC Police Dept.

A San Francisco woman who threatened to sue the police department is scheduled to appear before Judge Thomas L. Bocci next Tuesday at 10 a.m. on a charge of creating a disturbance at Lee's drug store, 6389 Mission street, Sunday.

Mrs. Carmen L. Valdes, 31, 474 Linden avenue, San Francisco, announced at the station that she wanted "to be locked up so she could sue the police department," according to the report. She had just been picked up behind the counter at the store for creating a disturbance and using "loud and profane" language.

Mrs. Valdes was released on $25 cash bail posted by her husband.

JOHN W. DINKELSPIEL, Atherton, is congratulated by Frank B. Ingersoll, Jr., on his election as chairman of the San Mateo County Republican Central Committee. Ingersoll, the outgoing chairman, was elected second vice-chairman on the new committee. Other officers from left: George Coleman, Burlingame, treasurer; Lucille Hosmer, San Carlos, first vice-chairman; Dinkelspiel; Ingersoll; Hugh A. Wayne, San Mateo, secretary; and Amos Bechtold, Daly City, third vice-chairman.

Library News

The Daly City Library, with the cooperation of the recreation department, has scheduled a special children's summer reading program. Under the supervision of Mrs. Rosamond Plummer, children's librarian from the Daly City library, Miss Madeline Bauer will read especially selected stories at the following places for youngsters from the first to the fourth grades, and any other interested youngsters regardless of age:

Tuesday mornings — 9:30-10:30 a.m., Jefferson elementary school.

Tuesday afternons — 1-2 p.m., Westlake school.

Wednesday mornings — 9:30-10:30 a.m., Crocker school.

Wednesday afternoons — 1-2 p.m., War Memorial building.

If your children are interested in hearing some of the best material in children's literature, be sure to encourage them to attend the school nearest them.

Also in conjunction with the summer reading, some extra copies of mimeographed reading lists with summer reading suggestions for the third through the eighth grades are still available at the desk. These lists were prepared by the children's librarian and contain titles for entertaining summer reading. Also available at the desk are the reading lists distributed by the Curriculum department of the Jefferson Elementary school district, as well as a graded reading list for children having reading difficulties.

The directive which was distributed by the Jefferson Elementary school district sums up the great importance of continuing the reading habit in children through the summer months. The following is quoted from the Jefferson Elementary school directive:

"No skill contributes more to success in school than the ability to read well. After school days are over, it helps not only in personal and professional advancement but in everything that we mean by the good life. To help children maintain and extend their reading skill during vacation days and to create a zeal for good reading are the aims of the bulletin."

Under the "Dos and Don't for parents, this directive lists the following points among others:

1. Help your child to get a library card.

2. Make it easy for him to visit the library.

3. Share books through reading aloud. The child who hears good books read aloud unconsciously develops discriminative reading tastes.

It is the joint responsibility of the home, the school, and the library to assist and guide children along their reading paths. If they are not already aware of it, introduce your child to the wealth of pleasure which is available in the children's room of the Daly City public library. Also take advantage of the summer reading program which has been arranged to help children develop a greater interest and enjoyment in reading.

Summer Reading for Adults

Many new adult books are regularly being received at the library. Especially appropriate for summer reading are the many new and old books on all favorite sports and outdoor activities, hobbies, and crafts. Tennis, swimming, fishing, skating, ceramics, pottery making, jewelry making, summer cook books are just a few of the subjects that you can read about in books available at the library. If you are interested in a best seller, a good mystery, western, science-fiction, new or old novel or non-fiction title, you will find all these represented in the collection now available. If you require specialized material, it is available from the county or state library. Whatever your reading needs may be, you can be sure that your local library staff will do all within their power to get the right book for you.

If you have not visited recently, come in and you will find many new developments and changes. Because of increased budget appropriations, it has been possible to weed the collection out considerably, a process which is continually going on. More and more new books and standard reference materials are being purchased, and every effort is being made to improve the quality as well as the quantity of the book stock.

New hours open from 10 a.m. to 9 p.m. Monday through Friday and 10 a.m. to 5 p.m. on Saturdays, now make it possible for more people to come to the library. The library commission and the library staff are engaged in a cooperative effort to make the Daly City public library one of which the cummunity can be proud.

At the last regular meeting of the Daly City Library Commission, officers for the coming year were elected as follows:

President, Wayne Carr; secretary, Mrs. Margo Westgaard.

The regular meeting of the Daly City Library Commission is held on the second Wednesday of each month at 8 p.m. in the conference room of the city hall. Visitors are cordially invited to attend these regular meetings to familiarize themselves with the work the library commission is doing. At the last meeting, the commission welcomed Councilman Sanford Vickers. After the regular business, Vickers explained some of the aspects of the future growth and expansion of Daly City and encouraged the Commission members to continue with thir program of long range planning for the library to fit in with the ever-expanding growth of the community. It was very encouraging to the librarian and all board members to have Vickers at the meeting and an invitation was extended to him that he return again soon. This invitation, of course, includes all city officers and citizens.

ANDERSEN SAYS ARMY LAND OUT FOR RESERVOIR

Use of Army property in the Mussel Rock area south of Westlake for a Daly City reservoir site might be risky, City Administrator Dan Andersen told the council Monday night.

Andersen said the slope is bad in the area and the proposed Westlake No. 2 reservoir site would be weakened further when the state abandons coast highway.

"With the state maintaining the highway, erosion is kept to a minimum," Andersen said.

"When they stop maintaining the road erosion will be heavy," he explained.

Andersen said engineers are against installing the reservoir which will contain one-half million gallons of water, near a cliff.

Prior to Councilman Del Wilson's proposal to purchase the Army property, the city had been negotiating for purchase of a section of Doelger property, just east of Mussel Rock, at a cost of $4000. Wilson says the Army property will be cheaper.

The council withheld decision on the matter until the return of City Engineer Edwin Smith Monday.

My Mad World

By Leonore Brewer

Ever since "The King and I" opened in New York in March of 1951, the word has been going around that Rodgers and Hammerstein have once more made musical history. As most shows originate in New York and there is a considerable time lag before they reach San Francisco, it is inevitable that anyone interested in the theater can't help forming some ideas of his own of what the show is going to be like. Occasionally this has disastrous results when the reality just doesn't come up to the expectations.

It's been a long wait and our expectations for "The King and I" were built up pretty high, but as the curtain slowly fell on the final scene of the King's death, we happily watched our nebulous ideas crumble before the glorious reality of one of the most dazzling shows to come this way in many a long year.

We are of course aware that we are merely getting on the critical bandwagon which is being followed by the cheering crowd, but anyone who reads this column knows that we have never hesitated to disagree with our critical betters, and public acclaim of something we dislike has never changed our opinion.

It is extremely doubtful if King Mongkut would recognize himself as Yul Brynner portrays him—a dramatic, virile, imperious and childishly stubborn monarch whose absolute power has not corrupted him. Anna Leonowens couldn't possibly have looked or acted like Patricia Morrison and the love story which is delicately hinted at never happened, but for three enchanted hours one can believe that history is as Rodgers and Hammerstein have pictured it, and if it didn't really happen that way, it should have.

While waiting for "The King and I" to reach San Francisco, we purposely never listened to the record, and as the score does not have any current hit numbers, it was almost entirely new to us. There was such vitality and enthusiasm in its presentation that we had the feeling that the performance we were seeing was the very first one and that we were sharing in the debut of a great musical event.

Musically, "The March of the Siamese Children" is possibly the most familiar number, but we particularly liked Anna's imaginary conversation with the King, in which she tells him what she thinks of him, followed by Lady Thiang's "Something Wonderful," sung by Terry Saunders.

Jerome Robbins' major contribution to the success of the show is a delightful ballet based on the story of Uncle Tom's Cabin. The connection between Uncle Tom and Siam may seem a mite obscure, but Robbin's choice of this theme is rather significant as one of Anna Leonowens' pupils took the name of Harriet Beecher Stowe in addition to her own, and as a result of Anna's influence on the King's son, Chulalongkorn, slavery was abolished in Siam during his reign.

Vehicle Dept. Suspends Colma Man's License

Henry K. Kot, Box 393, Colma, recently had his driver's license suspended by the State Department of Motor Vehicles. Kot's license was suspended when he was unable to put up a bond in lieu of automobile insurance.

Ridgley Cummings Reports

I've known Carl and Gilda Krenshaw fairly well for several years but it was my green sport coat that brought out the details of their unusual and still somehow typical Hollywood story.

Carl and Gilda were waiting for me to finish shaving and Carl, who is the athletic, energetic type, was prowling around my little cottage investigating books, magazines and such few objects of art as were on view. He pulled open a clothes closet and let out an exclamation.

"Hey, where did you get this green coat?" he called.

"From Roy Stuart," I shouted over the buzz of the electric razor.

"I thought so," he said. "How much did you pay?"

"Five bucks."

"Roy must have been broke," he said. "That's a $90 coat."

"No, I was the one who was broke. Roy wanted to give it to me."

"How come?"

"Pure vanity. What happened was somebody told him the color didn't suit his complexion. You know how suggestible these actors are. If somebody tells Roy he looks tired he'll cancel all appointments and go to bed for two days."

Carl laughed and agreed. He said he had sold the coat to Roy the year before for $20.

Gilda, who is not the silent type, joined in and reminded him of the day he had bought it. One remark led to another and before the evening was over I was in possession of Carl's story.

Carl Krenshaw is a husky, handsome six-footer with dark eyes, black curls, the physique of a weight lifter and so much hair on his chest and shoulders that he has to shave it off when he gets work as an extra in beach scenes.

He is 27 now. When he turns 30 he will inherit a quarter of a million dollars.

Right now Carl is flatter than a crepe suzette. And has been for the last few years. Aside from his scant and irregular income as an extra and sometimes as a singer, his major source of revenue is Gilda's tips.

Gilda is a waitress. The bulk of her earnings goes to take care of her three children, two by a former marriage and a bright-eyed two-year-old boy from her union with Carl.

Carl's father was a famous and highly successful plastic surgeon. He divorced Carl's mother when Carl was a boy and gave mother and son an income adequate for Carl to attend Hollywood High school and go on to college.

Carl never got to college. First the war came along. Then, about the time he got out of uniform, his father up and died.

The surgeon left most of his money to Carl, with the proviso that he couldn't touch it until he become 30 years old. Carl thinks the stipulation was put in the will to prevent him from giving his mother any of the money.

If this was the dead man's intention, it boomeranged. The mother became infuriated, not with the man who wrote the will, but with Carl. She threw him out of their happy home and soon afterward got married and left Hollywood.

Carl drifted around taking odd jobs. He became a doorman at Grauman's Chinese, which was a boon to his many friends, including me, for that meant we could get in free to see first runs and previews. Because of his physique he could have worn the gaudy uniform indefinitely. But he quit to accept a week's movie work in a football epic.

When he was broke again he started pumping gas in a filling station. He sang so lustily on the job that an agent booked him into the floor show of a Valley night club. That lasted one night, just long enough for the proprietor to find out that he had slightly exaggerated when he said he knew how to sight read. His repertoire consisted of four pops and one classic and he couldn't read a note.

Later, when he had worked up a repertoire of sorts, he got a job as a singing waiter. That's when he met Gilda.

Gilda has flat feet and is about ten years older than Carl. Her eldest daughter baby-sits for their young son.

Gilda is sharp-eyed, quick-smiling and practical. To her eternal credit, it is pretty clearly established that she fell in love with Carl before she learned about his inheritance. Though the knowledge now may have something to do with her patient acceptance of Carl's indolence, not to say laziness.

It was Gilda who persuaded Carl to enroll with a voice teacher and take a few courses in speech and drama at L. A. State College. She didn't learn about Carl's legacy until she was pregnant and had to give up her own work.

They were going through lean times when Carl happened to mention he wished he were thirty and told her why. Gilda, with typical feminine astuteness, started out to capitalize on the future.

First she went to the bank to try to arrange a loan. The banks wouldn't touch it.

Then she sought legal advice. After some time, but before the baby was due, she managed to fix things so Carl could borrow $5,000 by signing a promissory note for $15,000.

It was on the five thousand that little Carl came into the world and big Carl bought a new outfit of clothes, including the green sport coat that is now mine.

Since that time they have borrowed several thousand more. But the lawyer has upped the ante and for each thousand they get they have to sign a note for five thousand.

That rate of interest is okay with easy-going Carl. But Gilda finds it unreasonable and refuses to let Carl dissipate his fortune at the rate of five for one.

She would rather sling hash. And that's what she's doing now.

They are swell kids, both of them, for Gilda is really a kid at heart despite her sometimes sharp tongue and the smile wrinkles that conscientious waitresses get from grinning at customers when they would rather be home taking care of their children.

In a vague sort of way I had long been familiar with the rough outline of Carl's inheritance, for it is common knowledge on Vine Street. But after the incident of Carl recognizing his former coat and telling me all the details, I seem to have become immeshed in their financial structure.

Carl keeps putting the touch on men and no man likes to refuse a friend who may one day be a millionaire.

Three years from now I may break even. Meanwhile I'm wearing a green sport coat that, in its way, is raw material for a good Hollywood story, if I ever find the time to write it.

Safety News

YOUR VACATION'S WHAT YOU MAKE IT

We've all heard the comment that we get out of life just about what we put into it. And most people will agree that this is pretty true. It's also true of vacations. If you put a lot of tension and hurry and bustle into your vacation trip you'll end up with a hurried holiday. But if you approach the deal in a relaxed frame of mind, plan carefully so you don't bite off more than you can chew, and take it easy all along the way, you're likely to have a pleasant trip. And you'll return home refreshed.

What's more, you're much more likely to return home safely, especially if you're driving. The hectic hurry of so many vacationing motorists invites traffic accidents.

With time at a premium, too many people grudge an additional minute spent enroute. They speed, they weave in and out of traffic, they take foolish chances. They short-change themselves on sleep and drive when they're tired. They also drive after they've been drinking or over-eating. And what heels they are, they can't take time to be courteous, and give pedestrians or other motorists a break. And if anyone infringes slightly on their rights, they bellow. No wonder they're nervous wrecks by the time they get home.

The fellow who takes it easy has a much more pleasant trip. What if he has missed a few points of interest? He's probably made some pleasant contacts that more than make up for it. And it doesn't bother him that he hasn't established any record for miles covered per day. He's had time to enjoy the country through which he drove, time to be pleasant and courteous to all he met, and he hasn't worried himself into a nervous breakdown or a serious accident.

If you're taking an automobile trip this year, pattern your behavior after the example of Mr. Take-It-Easy. Make yours a pleasant, courteous, relaxing and safe vacation trip.

Accident Report

Total: Eight.

Breakdown: Seven auto-auto. One auto-pedestrian.

Injuries: Three male. Three female.

SF THEATER GROUP PLANS COMIC OPERA

The Lamplighters, San Francisco civic theater group, announce that their next production, Gilbert and Sullivan's "The Gondoliers," will open August 6 at the Theater Arts Colony, 1725 Washington street in San Francisco.

The comic opera presents the idea of "republican equality" as practiced by two carefree gondoliers who suddenly find themselves joint rulers of the mythical Spanish kingdom of Barataria.

Tickets may be obtained for $1.50 each at the box office or by calling BAyview 1-0905 for reservations. The musical will be presented Thursdays and Fridays, August 6 through August 28.

Orva Hoskinson is the producer and director of the opera. Musical direction is under Howard Albertsen.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello, Neighbors:

Vacations, vacations, vacations, everyone seems to be going on one so lets heard about some of them. One thing to remember while on vacation is that all the neighbors like you and want to see you return safely at the end of it. Drive carefully, swim cautiously, and take the sun gradually.

What is the definition of a fisherman? When one is really a true fisherman the distance one has to travel to fish means nothing. Guess the STANLEY BRAZZI family must come under that category. They are adjourning to Wyoming for their two weeks vacation. To fish? To visit friends? NO! Just to catch some fish. Rose and Stan packed up their Studebaker with all the appropriate gear and are now having the time of their lives. Wonder if the same can be said for the fish?

All is peace and quiet in the household of MRS. JEAN BLANKENHORN for the summer. The three Blankenhorn children have now recuperated from their respective cases of first the measles and then to add insult to injury the chicken-pox. They can now enjoy what is left of the vacation. What the kids can't figure out is why it had to happen after school was out. Many of us have wondered about similar situations in our long ago past too, kids.

Items of Interest

MRS. GRACE HILL is a very proud and happy neighbor. She was presented with the regalia of her office at the recent Convention held by the United Ancient Order of Druids at Santa Cruz. Making the presentation was Grace's daughter, MRS. LORRAINE FAZENDEN. Grace will be honored at a reception given by her Circle, Hillcrest Circle No. 143 at a later date.

Little TONY LIGOURI, son of MR. and MRS. TONY LIGOURI SR. of Miriam street doesn't know just why these things have to happen to him during vacation. He has been in the San Mateo Community Hospital for an eye operation from which he is now recuperating nicely. After all it was during Easter vacation that he was in there for the operation on the other eye. He is glad that he has only two eyes and lots more vacations in which to play with the kids.

Celebrating her 15th birthday on July 13th was one of the nicest of teen-agers. MISS SHARON CASAD of Flournoy street enjoyed the occasion by attending a dinner in her honor at Omar Khayam's with her family and friends. Of course she received many nice gifts on this occasion.

The years come and go and the first thing one knows one's friends are celebrating an important anniversary. Two of the nicest people and most certainly among the most well known celebrated their 45th year of married life. MR. and MRS. JAMES POKET of Mission street were the center of attraction at a gathering of family and, oh, how many friends on this occasion. To make it a doubly memorable day it was also Clara's birthday. She won't tell us how many but all the folks wish Jim and Clara the best in all the years to come.

The Civic Club and Friendly Twelve held their picnic at San Mateo Park on July 15th. This was a hilarious affair as they each invited friends who came and really made a day of it.

A happy birthday is wished to MR. LARRY McKEOWN of Los Olivos street on the event of his birthday on July 14th. He was greeted by his family which included neices and nephews plus sisters and many friends who all came to wish him much happiness in the future years.

Clear Lake seems to be the place to go this year. Among the neighbors who have left us for their two weeks vacation at this popular resort are MR. and MRS. FRICKLE. They left July 19th and will be back next week with the usual sunburn and fish stories to tell all the folks.

Many times we mothers have wished we had some place to send the children for the summer so we could have a peaceful vacation. From news received from MRS. ANN VERMILLION it is a lonely way to spend the vacation. Her two children have taken off to visit relatives in Indiannapolis, Indiana for the summer and she will be most happy to see them return. Seems the house just isn't the same without them.

Servicemen

Home for the weekend to the delight of his little brothers BRUCE and BRIAN was Seaman RICHARD EAGEN, son of MR. and MRS. ARNOLD of Los Olivos avenue. Dick is really taking it easy now as he only has a few months more of duty with the U. S. Navy before receiving his discharge.

Home this weekend to see his mother who is recuperating nicely after being so very ill for awhile is PETTY OFFICER RODNEY O. DUFFY of the U. S. Navy. Rod is a career man in the Navy and nearing the end of his second stretch as they call it. The neighbors are just as glad as Rod is that MRS. CATHERINE "BABE" DUFFY is up and around again.

Word comes from Amarillo Air Force Base that I am going to have company. One of the boys is on his way overseas and it seems inevitable that they stop by and say goodbye before they go. A 2/c BOB JONES isn't known to us but we are very well known to him as he is one of the boys in the 3320th Installation Squadron who read the RECORD which is sent to a Daly City boy stationed there each week. This paper seems to bring a touch of home to the boys and they all read it until there is nothing left of the paper to read.

CPL. WALTER NEKLITZ of Niantic avenue is the proud owner of a nice new piece of paper—HIS DISCHARGE from the U. S. Army. Walt has well earned it as he spent many months in Korea and other bases while serving Uncle Sam for the last two years. Of course wife MARY is just as happy as he is and they can now really have a vacation before settling down to building a home for themselves.

The boys in eight wards plus the isolation ward were happier last week for the kindness shown them by th ladies of the EAGLE'S AUXILIARY 1848. They made their usual visit armed with 165 bags of homemade cookies and their usual smiles and brand of good cheer for one and all their friends who look forward to seeing them. This is a job that goes on continually and one that is really appreciated as the letters they have received from the boys can attest. Many of these ladies not only have families but work besides so their gifts are more than appreciated.

News and Views

Heard from a former Daly City boy last week. MICHEAL O'ROURKE, son of MR. and MRS. DANIEL O'ROURKE who used to live on Los Olivos avenue has graduated with honors and will enter St. Joseph's Seminary in Mountain View to study for the priesthood. Mike attended Our Lady of Perpetual Help School while in Daly City as did his sisters MAUREEN who is now graduated from Capuchino High and working at the San Francisco Stock Exchange and Sharon who is now a Senior at Capuchino and brother Thomas who plays football for Capuchino and is in his Junior year.

MRS. DOROTHY STONE of Theta avenue had a vacation and while she didn't leave town she had a lot of fun anyway. Among the outing taken were a trip to Princeton with the company of MRS. ADA JASTRUMSKE, MRS. GAY EAGEN and twins BRUCE & BRIAN, MRS. MARY MADDEN and daughters DELORES, a new freshman at Jeff and JUDY. While there they viewed the wreckage of a fishing boat that had lost it's anchor and had drifted up on shore. The boat was partially submerged and it was quite an adventure for the landlubbers.

Receiving congratulations on her birthday last week was one of the nicest of neighbors and most friendly of storekeepers, MRS. MAY BEECHER of Los Olivos avenue. While May didn't do anything to celebrate the occasion she really had a lot of her friends drop by and wish her many happy returns of the day.

Well, folks, here we are at the end of another column and almost at the end of another month. Many more of the neighbors will be home next week with news of their trips and many more will be leaving us. Seems like the old town is just about half empty now but before long vacations will be over and we will all be home again for another year. Until next week then—remember the phone is still PL. 5-6482 and I'll be waiting to heard from you. 'Bye now.

New Arrivals

FOLEY—To Mr. and Mrs. John T. Foley, 873 Hillside boulevard, July 10, a son.

ORGANISCIAK — To Mr. and Mrs. Norbert F. Organisciak, 261 Second avenue, July 13, a daughter.

KAISER—To Mr. and Mrs. Victor Kaiser, 549 Bellevue avenue, July 12, a daughter.

LIPPI—To Mr. and Mrs. Louis J. Lippi, 43 Westmont drive, July 7, a son.

GIESE—To Mr. and Mrs. Robert W. Giese, 40 Lynnewood drive, apt. 8, July 8, a daughter.

HALLAGAN—To Mr. and Mrs. Arthur D. Hallagan, 181 Park Plaza drive, July 10, a daughter.

CRONEY—June 20, to Mr. and Mrs. Walter D. Croney, 61 Windsor street, Westlake, a son.

POLONSKY — June 28, to Mr. and Mrs. Albert E. Polonsky, 12 Fleetwood drive, Westlake, a son.

ACTION AGAINST CITY OFFICIALS IS POSTPONED

A small claims action naming Mayor Joseph Verducci, City Administrator Dan Andersen and City Clerk B. C. Ross as defendents has been granted a continuance of trial to August 20. Original time of trial was set for last Friday.

The action is being brought by Ray H. McMillen, 778 Natoma street, San Francisco, who is seeking $51.05 for damages to his car arising out of an accident November 6, 1953, in which Daly City officer James Sunderland was involved.

Sunderland was escorting a Governor Knight entourage when a car driven by Fred Del Sarto of Colma pulled in front of him at Mission and Whittier streets, forcing Sunderland's motorcycle across the road and head-on into the McMillen vehicle.

The continuance of trial was granted because the plaintiff was in the hospital undergoing surgery Friday and Sunderland was on vacation.

Close Of Weekend Keeps Police Busy

A "sez-who" altercation between two motorists on Skyline boulevard and a three-car smash-up on Junipero Serra kept Broadmoor police on the move as last weekend came to a close.

Officer George Carleton responded to a call at 12:25 a.m. Monday when it was reported that a small-scale "war" was brewing on Skyline boulevard, 1/4 mile south of San Pedro.

On investigation Carleton discovered two motorists arguing over who was at fault when their two vehicles, travelling the opposite direction, sideswiped each other.

There were five people in each car, Carleton said, but hostilities ended with arrival of police. The case was turned over to the California Highway Patrol and no citations were issued.

A motorist making a left-hand turn was the apparent cause of a three-way rear-end collision on Junipera Serra boulevard 100 feet south of San Pedro road Sunday at 4:15 p.m.

Officer Charles Hazen reported the first north-bound vehicle, driven by James Duggan, 29, of 14864 Donner drive, Los Gatos, apparently stopped suddenly when a car in front of him proceeded to make a left turn.

Duggan's car was hit from behind by one driven by Willard Fox, 35 of Wheatland, Wyo., and a third vehicle, driven by Robert Foard, 35, of 1920 Bonneville, Reno, collided with the rear of Fox's auto.

John H. Duggan, 14-months old son of the driver of the first vehicle, was examined at Junipero Serra hospital for possible head injuries after he was thrown against the window.

No citations were issued in the accident.

Extend Probation Period Six Months For Local Policeman

Daly City police officer Richard A. Brohman, 96 Bel Mar, Westlake, was granted a six-months extension of his one year probationary period by the city council Monday night.

The action was taken on recommendation of the local police commission.

Brohman received a collar-bone injury recently and complications resulted, forcing him to take only light duty with the police force.

If Brohman passes physical requirements before the six months is up, he will receive automatic appointment as a permanent officer.

Broadmoor Ambulance Responds To First Call

Broadmoor police district's new ambulance was called into action for the first time Saturday as police there rushed a 11-year-old girl to French hospital for examination of a possible ruptured appendix.

Gail Kubowitz, daughter of Mr. and Mrs. Edward Kubowitz, 827 87th street, was taken to the hospital by Broadmoor ambulance at 7:50 p.m. Saturday, on request of the girl's physician.

Lassen county had 420 farms in 1950, according to the Census of Agriculture of that year.

Police Nab Four Minors In Hilltop Skirmishes

(Continued from Page 1)

happenings.

Big Audience On Hand

The police report estimated that an audience of 150 to 200 persons gathered to watch Sergeant Dean Wood and Officer Gerrold Schaeffer drag Kappes off to a police car.

Kappes continued to battle on the way to the cell, according to the report. He broke away from Wood, kicked Schaeffer, and this time pulled Schaeffer to the floor before he could be controlled.

He was released on $250 bail Tuesday and is scheduled to appear before Judge Thomas L. Bocci next Tuesday at 10 a.m.

Anselmo J. Gomez, 19, 131 Lowell street, Daly City, was charged with disturbing the peace and resisting arrest when he was picked up for fighting outside of the Hilltop lodge Saturday night.

Continue Fight Outside

Gomez and Paul R. Castillo, 20, 1207 Rhode Island street, San Francisco, who was charged with disturbing the peace, were picked up by police at Hillcrest street and Mission Circle. The two started arguing in the Hilltop lodge and decided to continue their discussion outside, according to the report.

When police arrived at the scene, Gomez first ran and hid behind parked cars in the area. He again tried to escape after he was apprehended by police.

Gomez, who is scheduled to stand trial next Tuesday, was released on $200 bail. Castillo, who is scheduled to appear in court today (Thursday), was released on $100 bail.

Program Continues

Also on the agenda of recent Hilltop lodge activities was the arrest of two more pugalists outside the bar on July 10. Police found Robert Benavente, 20, 678 Moscow street, and Peter J. Susnow, 19, 47 Meda street, both of San Francisco, involved in a fist-fight.

A large crowd gathered to watch the exhibition of both men rolling on the ground and using foul language, according to the report. Both were charged with disturbing the peace.

Benavente, who pled not guilty, was taken to the county jail and is scheduled to appear in court next Tuesday at 10 a.m.

Susnow, who stood trial Tuesday, was granted a suspended sentence of 30 days in the county jail by Judge Bocci. Half of his $100 fine was suspended, and he was placed on a six-months probationary period on the condition that he stay out of Daly City during that time.

Fails To Appear

Herbert McMurty, 24, 380 Ninth street, San Francisco, another Hilltop lodge customer, was scheduled to appear before Judge Bocci July 15, and upon failing to appear, bail of $25 was forfeited. McMurty was charged with being drunk in a public place July 3.

He was first seen staggering around Mission Circle after leaving the lodge and was warned by police not to drive. Police arrested him when he pushed his companion away from the steering wheel and attempted to drive himself.

Easement Granted PG&E In Westlake Proposed Park Site

A ten-foot easement in the proposed Westlake park was granted to the PG&E Monday night by the Daly City council.

Easement was sought by the PG&E for installation of a guy wire to support a company pole to be located at the outer edge of the park's play area.

City Administrator Dan Andersen said the wire would in no way interfere with the proposed playground.

Despite this assurance by Andersen, Councilman Micheal De Bernardi asked why the wire couldn't be put underground.

"I don't like the idea of a wire in a park area where children will be playing," De Bernardi said.

Andersen told De Bernardi that, "We have to have power there for our sewage plant and firehouse. There's no use taking a chance of losing our source of power."

After a short discussion, the resolution granting easement was passed unanimously.

Sanitation District Awards Truck Contract

Contract for supplying a half-ton truck to the North San Mateo County Sanitation district has been awarded by the board of directors to Aero Motors, who entered low bid of $1368.87.

Four other firms submitted bids.

In other business, the directors approved a $50 a month salary increase for Arthur Bodien, raising his monthly wages to $225.

The board ordered progress payment of $48,351.40 made to C. Norman Peterson, Inc., for work on the sewage disposal plant, and payment of $1522.38 to Edwin H. Smith for engineering services on the disposal plant.

The directors will hold an adjourned meeting Monday at 2 p.m. in the district office.

VISTA GRANDE CHURCH PLANS ANNUAL PICNIC

July 25 is the third annual picnic Sunday of the 101 Vista Grande avenue Christian church according to Minister Howard P. McConnell.

Sunday school and church services will be held as usual. At noon church families and their friends will go with loaded baskets to the San Bruno city park and playground. Basket dinner will be served at one o'clock, with coffee and cold drinks for the children.

After the dinner games will be played including softball, checkers, and a tug of war.

Wednesday night is work night for the men, and Thursday night Bible study. The fifteenth chapter of the Book of Revelation will be the base of study.

Members of the congregation are actively engaged in getting the church building ready for the larger attendances expected when vacation time is over. Fireside hall is being repainted, the primary room reconstructed to make room for increased attendance, and the nursery finished. A large hobby shop is being prepared in the basement of the church, where lapidary equipment, and woodworking tools will be placed. There is to be space for other hobbies including photography.

Melvin J. Davis, 17 Oakmont drive.

Oh that my people would hearken unto me, that Israel would walk in my ways! . . . He would feed them . . . with the finest of the wheat. (Psalm 81:13, 16. A.S.V.) Read Psalm 147:12-20 or Matthew 7:24-29.

Inan Oklahoma town many visitors came to witness the destruction caused by a cyclone. Many people were killed, homes and other buildings destroyed. However, a grain elevator still stood. It towered high in the air.

Visitors inquired why the tall elevator should stand while buildings all around it were demolished. A keep observer disclosed the fact that the grain elevator was filled with wheat. Therefore, the air pressure did not push out the walls of the elevator as it did in the case of the other buildings. Filled with wheat, the elevator had no air pressure from the inside.

If our lives are filled with faith, hope, and Christlike live — "The finest of the wheat"—the pressures within us no longer exist. When storms come, we neither "blow up" nor "blow out." It is God's good pleasure so to fill us that we shall stand when stresses come.

PRAYER

O God, so fill us with Thy goodness and love today that we shall live lives filled with the best things. Use us as storage houses of Thy goodness. We thank Thee for the privilege of serving Thee. In our Saviour's name. Amen.

THOUGHT FOR THE DAY

In Christ's strength we can stand.

Everett J. Vaughan (Kansas)

Jeff Elementary District To Meet Wednesdays

The Jefferson Elementary school district will meet on the fourth Wednesday of each month instead of the fourth Thursday as it has previously, according to H. Z. Weibel, superintendent of the district. The next meeting will be at 8 p.m. July 28 at the Administration building, 344 Santa Barbara street.

POLICE COMMISSION EXPECTS BAHER BACK ON JOB IN 30 DAYS

Police Commission Victor Baher is expected to be back on the job within 30 days, Tony Ricci, police commission chairman, told the city council Monday night.

Baher was returned to the hospital recently after he suffered a heart attack while convalescing at home from a prior heart attack. The council decided to send a letter to Baher wishing him a speedy recovery upon Councilman Micheal DeBernardi's suggestion.

An all-time high of 12,450,000,000 pounds of beef was produced in the United States in 1953.

Outstanding Orator Due In South City

A humble Franciscan friar, heralded as Western Europe's most outstanding orator, and who aroused the enthusiasm and faith of hundreds of thousands of Californians three years ago, will return to South San Francisco on August 2, 3, 4. Father Antonio Lisandrini, O.F.M., will preach the Marian Year Crusade on the above dates in the All Souls Church. He is in California at the invitation of the Italian Catholic Federation.

Italian speaking people from all parts of San Mateo county are awaiting the event with intense interest. During Fr. Lisandrini's visit to California in 1951, churches were filled to overflow and loudspeakers had to be set up outside.

Fr. Lisandrini's rousing oratory has played an outstanding part in the fight against communism, and his fame is well established throughout Western Europe and South America.

About 16 per cent of Japan's total area is suitable for cultivation.

"Our big freezer is a wonderful money saver"

says Mrs. Robert E. Rudd, 140 Fallen Leaf Drive, Hillsborough, California (shown here with her two sons, Jack and Jerry)

"We started economizing on grocery bills, the day we bought our big food freezer. Stocking up on foods in large quantities, when prices are lowest, certainly pares down the expense of feeding our family. And with California's low electric rates, our freezer costs so little to run."

Gas and electricity are cheap in California

When the Rudds moved to California, they were delighted to find that their combined gas and electric bill was so low. *Their P. G. and E. bill for one month was* **$15.31** *Where they used to live, the same amount of gas and electricity would cost . . . .* **$22.02** Enjoy the better living that today's modern appliances make possible. You can afford to use more of them with P. G. and E.'s low rates for gas and electricity.

Launch Broadmoor Recreation Program

This week saw the beginning of the recreation program planned since May, when local organizations worked together to hold the Village Fair and Festival to raise necessary funds.

With the cooperation of the Jefferson Elementary School district, the project has been realized and a recreation director has been hired. He is Robert Watt, a physical education major at San Francisco State colege. He will be at the Garden Village school grounds on Monday, Tuesday and Thursday afternoons from 1 to 5 p.m. to organize and direct a program of games and crafts.

A well-rounded athletic program will be held in the school yard for children of all ages. Play equipment has been set up in one area for smaller children by the school district, and tether ball, softball, basketball and other team games will serve any and all interests of older groups.

Room 1 in the Garden Village school building has been set aside for the arts and crafts. With assistance from interested parents, children may work with paints, crayons, clay, and paper. In the near future, additional crafts will be planned for older children, so that all interests may be served, and additional space for such projects will be made available as needed.

The executive committee of the Village Youth Council announced that the recreation program, started on July 12, will continue throughout the summer. Those on the committee are: Ray Logan, chairman; Mrs. Larry Green, secretary; Mrs. John Hess, treasurer; Mrs. Robert Neff, Stanley Brown, Rev. L. W. Coey, and Kenneth McBain. Advisors to the committee are Harry Aronson and Dennis Huajardo of the Jefferson Elementary School District.

INSTALL NEW OFFICERS FOR AUXILIARY 410

Daly City Unit No. 410, American Legion Auxiliary, held their installation of officers Wednesday evening.

District President Lorene Harris was the installing officer and was assisted by Maxine Maxwell, newly elected district president.

The following officers were installed: President, Grace Hill; first

Grace Hill
. . . president elect

vice president, Marie Miller; second vice president, Dolores Pahlka; secretary, Margaret Rector; treasurer, Rose Giorni; chaplain, Ethel Harris; historian, Catherine Foreman; sergeant at arms, Erma Magnuson; marshall, Vivian Pahlka; executive committee, Lillian Felch, Agnes Prescott and Olga Bordson.

Junior Past President Anne Welch received a token in appreciation for the successful year just completed.

Delegates elected to the state convention meeting in San Francisco next week are Grace Hill, Margaret Rector and Margaret Kenny. Several members will attend many of the special functions being given during the session.

Hillcrest Circle 143 Druids Honor New Past Arch Druidess

Hillcrest Circle No. 143, Druids, honored their new Past Grand Arch Druidess, Grace Hill, at a reception held last Monday evening.

Mrs. Hill has just received her honors at the convention held recently in Santa Cruz for having completed five years as Grand Treasurer of the Grand Circle of California.

Past Grand Arch Druidess Madeleine Fellows and the delegates, Agnes Prescott, Martha Wegner and Winifred Evans were also honored during the evening.

Visiting Grand Officers included Grand First Bard Laura Lawler, Grand Secretary Margherita Cuthbert, Grand Sentinel Edith Oftedahl, Grand Trustee Agatha Freeland and Grand Auditor Jewel Shotwell. Past Nobel Grand Arch Peter Cresci also attended and members from several Circles. Delicious refreshments were served on beautifully decorated tables.

The regular meeting will be held next Monday evening at 7 p.m. followed by the monthly whist at 8:30 p.m. The public is invited.

THE MOST BEAUTIFUL SKATERS IN THE WORLD

Ever since first organized in 1936, Shipstads and Johnson Ice Follies have enjoyed the reputation of having the most beautiful skaters in the world. In the new and enlarged ICE FOLLIES of 1954 you'll find four score of talented and beautiful girls, from 26 states, as well as 5 provinces in Canada and also 4 European countries. Out of this number, 32 have been selected to appear as a group and rightly they have been named the world's greatest precision skaters. The 1954 show, all new and outstanding to the 'nth degree, is headed this way.

DC Legion Post 410 Officers Installed

Daly City Post No. 410, American Legion, recently installed the following officers for the coming year: Commander, Martin Pahlka; first vice commander, William Sisk; second vice commander, Lester Dawes; adjutant, Peter Bordson; finance officer, Felix Foreman; chaplain, George Jester; historian, Lesley Hill; sergeant-at-arms, Otto Simmonson.

Junior Past Commander John Matzek received his emblem and was highly commended for the very successful year of service, just completed. Daly City Post received recognition as having donated the second highest amount of any Post in the Nation to the Crusade for Wooden Churches.

Delegates elected to attend the state convention being held in San Francisco beginning Sunday are: Lesley Hill, Martin Pahlka, Ralph Capps, Ben Magnuson, Marall Smith and John Derungs.

The ritual team of San Mateo Voiture No. 393, 40 & 8, conducted the installation ceremonies in a very impressive manner. Musician was Mrs. Juanita Henderson.

LOCALITES VACATION IN NEW ORLEANS

Recent visitors to the Court of Two Sisters in New Orleans were Mrs. M. E. Nenstiel, son Mervin and Mrs. Clara T. Scally of Daly City. Both the Nenstiels, 6309 Mission street, and Mrs. Scally, 17 Eastlake avenue, are in New Orleans on vacation.

Joseph Anthony Is New Miceli Arrival

Mrs. Charles Miceli, 336 Abbot avepue gave birth to her fifth child, a boy, June 25.

The child weighed 7 pounds, 7 ounces, and was named Joseph Anthony Miceli.

DC Sportswomen Plan Next Meet On August 11

The next regular meeting of the Daly City Sportswomen is planned for August 11, according to Secretary Naomi Stone.

Delores Falk's home at 125 Gambetta street served as the meeting place for the July meeting. Plans were made for the annual dinner on September 24, and good wishes were sent to Mrs. Leonora O'Neill who is now in Letterman hospital.

SCHROEDER BACK AT BETHEL AFTER MONTH ABSENCE

The Rev. Herbert P. Schroeder of Bethel Lutheran church, Alemany boulevard and Huron avenue, will conduct the service on Sunday after an absence of four weeks, during which time he attended the Summer Session at Concordia Theological Seminary, St. Louis, Mo.

The Rev. A. W. Koehler of Oakland and the Rev. G. E. Kirchner of San Francisco served the congregation as guest speakers.

Sunday school and Adult Bible class are held at 9:30 a.m. and the worship service at 10:45 a.m. A nursery for small children is provided during the church service.

MRS. BAUER GLAD TO RETURN TO DC FOG

Mrs. Maud Bauer of 492A Santa Barbara avenue arrived home recently after a three weeks' vacation in both northern and southern California. It is reported that she was more than happy to return to the Daly City fog after the warm weather of the south.

Walkers Have Surprise Visit From Easterners

Mr. and Mrs. Jack Walker of 101 East Vista avenue enjoyed a surprise visit on July 12 from Mr. and Mrs. Erwin Walker of Philadelphia, Pa.

Mrs. Walker reports that the two eastern Walkers were surprised at the cool climate.

The guests departed for home the following Sunday taking the northern route thru Idaho and into Yellowstone national park. They were escorted as far as Eureka by the localites, the latter staying for a week's visit with her sister, Mrs. Frances Clay.

Professional Men Hold Open House At New Location

Local attorneys Frank B. Blum, William Lahanier, Thomas B. Gallen and Melvin R. Dykman, in conjunction with Robert E. Hunter, CPA, will hold open house Friday at their new San Mateo county offices, 6836 Mission street.

The professional men formerly had San Mateo county offices at 6454 Mission street, Daly City.

Cocktails will be served from 4 to 7 p.m. at Friday's open house.

Phone number at the new location is PL. 6-1000.

CHECK THOSE LIGHTS

When driving at night be sure those rear lights are burning, advises the National Automobile Club. Blinded by glare of oncoming headlights, drivers find it difficult to see a car ahead unless the warning red lights are burning brightly.

Village Notes

By Martha Pinney

VILLAGE LANE

Mr. and Mrs. George Kane of Philadelphia spent the Fourth of July weekend with Mr. and Mrs. Halvdan Juhl. Another houseguest for the weekend was Mrs. Bernice Hauber, formerly of Iowa City, Iowa, a sorority sister of Mrs. Juhl.

Mr. and Mrs. Frank de Losa have just returned from vacationing in Florida and Cuba.

* * *

GARDEN LANE

Mrs. C. E. Henry and her daughter, Mrs. Bernice Anthony of Seattle, were houseguests recently of Mr. and Mrs. James Fairbanks. They stopped over on their return trip from visiting Mrs. Henry's sister, Mrs. Ben Koepke of Palos Verdes Estates, Calif.

David Bryce has been confined with mumps.

* * *

87th STREET

Mr. and Mrs. Mark Swoverland and Jimmy and Nancy returned last week from a visit with Mark's family in Huntington, Indiana. While there they were able to attend a family reunion.

On Monday evening the Swoverlands entertained at a dinner party in honor of Mrs. Swoverland's parents, Mr. and Mrs. Welton Lee, who had recent birthdays. Also present were Mrs. Swoverland's brother, and his wife, Mr. and Mrs. Welton Lee, who are here on a 30-day leave before reporting to Great Lakes.

* * *

LOUVAINE

Beth Lichtenborg also has been confined with the Mumps.

Mr. and Mrs. Ferrall Pinney of Phoenix, Arizona, are visiting with their son and his wife, Mr. and Mrs. C. F. Pinney.

* * *

MADDUX

Mr. and Mrs. Glenn Hardin of Missouri are the house guests of their daughter and her family, Mr. and Mrs. Richard Hart.

Kathy Proctor celebrated her seventh birthday at a party with several of her friends on Monday.

Mr. and Mrs. Vern Box and family have returned from a two weeks' visit with relatives in Montgomery Creek, Calif.

Christine Mitchell is recuperating from Mumps.

Jimmy Holmer entertained a group of his friends recently at a lunch and pinata to celebrate his fourth birthday.

Mr. and Mrs. Guy Perkins motored to Fort Ord Sunday to spend the day with their son and his wife, Mr. and Mrs. Dale Perkins.

* * *

LOUVAINE

Mrs. Inez Weibel spent last Wednesday in Sacramento.

Superintendent and Mrs. E. G. Lindstrom and children of Paradise and Dr. and Mrs. Earl Schobert and children were weekend guests of Mr. and Mrs. H. Z. Weibel.

* * *

GILMAN

Recent vacationers in Clear Lake Highlands were Mr. and Mrs. Maurice Whitehouse and Martha and Mr. and Mrs. John Hull and Joe.

Dinner guests Saturday night of the Maurice Whitehouse's were Mr. and Mrs. Charles Ortman of Oakland. They also entertained another guest recently, Mrs. Sarah Corner of Arlington, Mass., who is visiting in Belmont.

* * *

HEATHER ROAD

Mr. and Mrs. Bill Nye and Tommy and Trudy have just returned from visiting with relatives in West Virginia.

* * *

BRYANT

Mr. and Mrs. Henry Suenderman spent last week in Alturas fishing.

* * *

SWEETWOOD

Esther Circle met Tuesday evening at the home of Mrs. Rex Spruiell.

Mrs. Thelma Nissen celebrated her birthday July 16.

* * *

BEECHWOOD

Mrs. George Whitehead as hostes and Mrs. Robert Halcomb as cohostess entertained the Hannah Circle on Wednesday evening.

* * *

MANILA

Recent vacationers in Nevada were Mr. and Mrs. Sam Roth.

A new cocoa doormat fell from the back of Mrs. Nafe's car, between Broadmoor and Park Merced. She would be most grateful to get it back. The address is 608 Manila street.

* * *

NIMITZ

The Dale Stookey's have just returned from a three-week, 4,000 mile vacation trip passing through Salt Lake City, Denver, the Tetons, and Yellowstone.

* * *

MIDWAY

Mrs. 'Kay Mattson and her daughter, Marilyn, are also recuperating from the mumps.

It's going to be cooler at the California State Fair this year no matter what the weather man says. Eighteen tremendous refrigeration units are being installed in the vast Counties Building, and will add even more to the attractiveness of the spectacular exhibits at the fair, September 2 through 12. Air conditioning has been installed in several other buildings.

SARTO "ONES" BEAT BROADMOOR'S PHIL FAIR ON WALK AND ERROR··· BRISBANE WINS FROM SHARP PARK

Sarto's No. 1 capitalized on a walk and an error to beat "no-hitter" Phil Fair of the Broadmoor Pirates, 2 to 1, in a fourth round Little league contest Saturday.

The two teams, entering the contest with a pair of wins apiece, both failed to score until the fifth inning.

In the fifth canto, Fair, who recently fashioned a no-hit, no-run contest for the Pirates, walked in succession Ron Kalinin and Billy Kane.

Sarto's Mike Kordoules dropped a quick bunt and was thrown out, while both runners advanced. Kalinin was squeezed home on a bunt by George Claus for the first tally, and Kane moved down to third.

Muff-Up Costly

Hard-hitting lefty, Barry Krohn, struck out but the next man up, Skipper Crudo, blooped a weak single that was muffed, scoring Kane.

The Pirates retaliated with one run in their half of the fifth, scoring one as Jim Heick doubled and was subsequently driven in.

Heick also picked up a single to account for two of three hits off Sarto's Larry Kane. Bill Dougherty got the Pirates other bingle.

Kane fanned seven batters and walked five.

Upset Contest

In the surprise upset of the fourth round, Brisbane Tigers outlasted Sharp Park, 6 to 5. The Tigers earned one run in the first frame, two in the second and three in the final inning to notch the victory.

Big Stickers in the Tiger attack were Ed Crowley with two hits in four trip and Pitcher Walt Carlson who swatted in two runs with a timely single.

Carlson now has a 2-2 record and has fanned 42 batters in four games.

He struck out nine batters Saturday, allowing five hits and an equal number of walks.

Sharp Park chucker Will Simmons turned in a first-rate job himself, fanning 13 batters and allowing only six hits.

Started Late

Simmons and company got rolling a little late, however, as they pushed across their first two runs in the fifth canto.

In the final inning, with two away, Sharp Park loaded the bags and Simmons sent runners scurrying home with a booming triple. The rally was nipped as Carlson retired the next batter to face him.

New Southpaw

Sarto's No. 2, using a new south paw pitcher, Dick Reese, took a close game away from Holy Angels, 6 to 4. The little left hander displayed his class as he kept the pepery Holy Angels team in check by allowing only four hits and striking out eight batters. The Sarto's hit attack was lead by Mike Kennedy with two for three and three RBIs. Don Cubic and Al Craig also colected two hits in three trips. Jeff Pearlman, catcher, and Dick Reese both hit safely.

In a wild afternoon affair Dee's Associated barely got by the Daly City Raiders, 15 to 11. A new league record was set as six pitchers saw action for Dee's and allowed a total of twenty four walks. Only four hits were allowed in the entire contest. Ray Labrum was the winning pitcher.

The Westlake Beavers picked up an easy win as the Daly City Arrows failed to show because of a vacation riddled team. The Beavers now lead the league with a four game margin.

Prentice Cops Third

In the Junior league division Tex Prentice won his third game as the Sharp Park team over-powered Stomper A.C., 10 to 4. The Suds caught up with the Brisbane squad as they won, 9 to 0. This places the Suds in third place. Broadmoor picked up its first win as they shut out the fourth place Eagles, 9 to 0.

Next Week

Sharp Park takes on the Eagles next Saturday at 4 p.m. on the High school diamond in an attempt to stop Tex Prentice and company. Both teams boast strong line-ups.

In Little league play, the league leading Westlake Beavers will have their hands full as they take on the Brisbane Tigers. Sharp Park will try for their fourth win as they meet Dee's Associated at Marchbank at 4 p.m. Sarto's No. 1 meets Sarto's No. 2 at 12 noon on the High school diamond No. 2. The Pirates meet the Raiders at 10 a.m., High school No. 1 and Holy Angels play the Daly City Arrows.

RALPHS HANDS FIRST DEFEAT TO MILLBRAE

The strong Ralph's Cleaners nine of Daly City split a double header with the powerful Millbrae Lions, current San Mateo county league leaders, on the Capuchino High school diamond Sunday.

Behind the fine seven-hit pitching of Jim Honeywell, the local club annexed the first game of the twin bill, 5 to 2, to hand the Millbrae team its first set-back of the season.

Ralph's scored early in the first inning when singles by Gil Fontana, Al Figone, and Vern Wallagora, coupled with a pair of walks, accounted for three runs. Singles by Millbrae's Srezory and Fischer set the stage for Jack Solem's long double to left center, resulting in two Lion runs in the second. The scoring was completed in the fourth inning. Kenny Smith who drove a base hit to left and Bob Guisti who walked, were chased home on successive singles by Ray Vuillemainroy and Jim Honeyweli.

The second game found the Cleaner's nine, last years county champs, unable to solve the pitching style of Lion's Bill Sharp as the big right hander scattered six hits to gain a 7-0 shut out victory. Vern Wallagora, Ralph's talented hurler, was touched for only seven hits but contributed to his own defeat with a pair of misplays that accounted for three Millbrae runs. Hitting star for the victorious Lions was third baseman Roy Peet who collected three singles in four trips to the plate. Gil Fontana and Bob Gaggero sparked the losers with a pair of singles apiece in three times at bat.

The Ralph Cleaner's nine faces the tough Sharp Park ball club Sunday at the High School field in their next league contest.

Gigli Runs Amuck In Seventh; Down Colma Firemen 24-8

Gigli plumbers took over third place in the Adult Softball league Tuesday night by wallopping Colma Fire Department, 24 to 8, after exploding for 16 runs in one inning.

The plumbers held a 3-0 lead after the first inning, but the firemen bounced back with five tallies in the second frame.

Gigli moved back in front with three more runs in the third, and two more in the fifth frames, while Colma picked up one in the fourth and one in the fifth, giving Gigli an 8-7 advantage going into the sixth.

The seventh proved catastrophic for Colma. Banging out 14 hits, including homeruns by Joe Galente, Gene Lorenzo and Joe Fischer and doubles by Don Wilson and Dick Verse, the plumbers tallied 16 runs.

In addition to his round-tripper, Fischer notched a triple and three singles in half-a-dozen trips to the plate.

Moe Masinin and Bud Huston smacked homers for the losers.

Other results saw Daly City Drug down Broadmoor Police, 16 to 15, with Marty Lafrano homering to clinch the victory for the drug vendors.

BROADMOOR YOUTH BASKETBALL SCHOOL ON TAP FRIDAY NIGHT

Clift Crandall, former professional basketball player, will act as tutor tomorrow (Friday) when the Broadmoor Youth association holds their basketball school at the Garden Village school yard, beginning at 6:30 p.m.

Instruction for girls' softball is slated for today at 7 p.m., also at the Garden Village site.

Boys interested in competing with one of the Broadmoor baseball teams have been asked to contact one of the two managers, James Coulter, PL. 5-7943, or George Landis, PL. 5-8153.

NOT ALL THE young anglers taking part in the Daly City-Colma Lions club annual Fishing Day at Lake Merced last Wednesday got "skunked." Among the more porficient bait-dunkers were these youngsters shown here (left to right): Matt Jones, Jerry Morgan, Dick Reese and Larry Arnaudo. Young Reese almost nabbed honors for catching the largest fish of the day, but fate worked against him. In the brief interim he was gone to get some of the Lions free ice cream, Dick's father, Lew, tied into a 16-incher on his son's rig. It proved to be the day's biggest catch, but could not be entered in the kids competition. An estimated 100 youngsters turned out for the Lions sponsored activity.

CREIGHTON IN SHUTOUT WIN OVER NEW REX

New Rex Restaurant batters never even got to set foot on the bases for seven full innings Sunday as Jeff Hi twirling ace Lowell Creighton led Sarto A.C. to a 17-0 shutout over the restauranteurs.

Allowing only three hits and one walk, Creighton set down 10 batters via the strike-out route.

Sarto's scored with ease, picking up two in the second, two in the third, six in the sixth, five in the seventh and two in the eighth.

Manuel Romero had a field day at bat, getting a home run, a triple, and two singles in six times up.

Lee La Rocca pounded out a triple and a single in three tries for the athletic clubbers, while Don Henson also got two for four.

Sarto's will meet High Light Cafe at Marchbanks park Sunday, beginning at 2 p.m.

Brisbane Teams Bumped Twice In Cage League

Playing without the services of Gary Ryan and Ron Varni the Brisbane Bs were swamped Tuesday by a hard driving Spook club, 52 to 14.

The game was replete with fouls as Bautista fouled out in the fourth, leaving Brisbane to finish the game with four players. Beautiful drive-in shots by George Rocchi and tip-ins by Bob Mion spelled the difference. The Colma club led all the way and was paced by Rocchi with 13 digits followed by Mion with 12. Wallace for the losers tallied six points.

The varsity game was one of the best seen so far with the Gravediggers coming out on top, 53 to 47. The lead see-sawed back and forth throughout the whole contest. It was only in the last few minutes of the game that the Gravediggers were able to cinch the contest, Al Figone, playing fine ball, was high man with 17 points followed by the long set shots of Babe Anguillo plus excellent floor play by Wally Honeywell.

Time and time again Brisbane would score on beautiful jumpshots by Don Delbon only to have the blazing fast break led by Lagomarsino, Miller and Kalinin knot up the score again. Delbon led all scorers with 24 points followed by Figone of the Gravediggers with 17.

DC MIDGET LEAGUE IN 6th ROUND

Broadmoor Yankees, Daly City Team Win

The Midget Baseball League rolled into its sixth round of play and continued to increase in popularity as four teams met Tuesday night.

Second-place Broadmoor Yankees took a shut out victory over a hustling Sharp Park nine, 4 to 0. The contest was played in the record time of 45 minutes and winning pitcher Bill Hix allowed only one hit, three walks and fanned eight coastside batters.

The Yankees picked up one run in the second frame and sewed the game up with three tallies in the third inning. Dave Dugan drew a walk from Sharp Park pitcher Wally Prouty, and was bunted along to second by Bill Hix. Wayne Moon fanned Mike Gotz, then laced a single into right field scoring the speeding Hix from second base. Bruce Hix and Jerry Hydman then drew walks when slugger Terry Christman came to the plate. On a one and three count Terry poled a 319 foot drive into right field for a three run homer. This blow ended the game by the score of 4 to 0 in favor of the Broadmoor Yankees.

In a game that appeared to be a routine affair the league-leading D.C. Midgets played the fourth place Broadmoor Eagles in a contest that saw the Midgets pull one out of the fire by the timely hitting of its team members.

Midget pitcher George Claus and catcher Bill Kane had the Eagles pretty much in control until the fourth inning with a 5-1 advantage. Quickly, the Eagle attack of Cornell Holmes, Matt Dorn, Bill Simmons and Jim Berman put together base hits to tie the score up at 5-5 going into the last inning.

Successive walks and singles loaded the bases up. Barry Krohn, left hand hitter for the Midgets, laced a long drive to his off field and scored the winning run making the score 6 to 5 for the first place Midgets.

NORTHERN California boasts the nation's No. 1 motorcycle rider in 21-year-old Joe Leonard of Palo Alto, who is the defending titlist in Sunday's 20-Mile National Championship race at Bay Meadows. The Peninsula youngster holds six U. S. racing championships in the dangerous and high-speed sport.

CAR BOOSTERS STRIKE AT THEATER LOT

The recent outbreak of car boosting continued Sunday night when thieves stole two front hub caps from a car belonging to James P. Green, 368 North Gate avenue, Daly City. According to Green's complaint, the theft occurred while his car was parked in the public parking lot in the rear of the SeaVue theater at Sharp Park.

ALL PROGRAMS SUBJECT TO CHANGE ● NOT RESPONSIBLE FOR LAST MINUTE SCHEDULING

JEFF SUMMER PROGRAM IS NEW SERVICE

The summer school program, newest of the services of the Jefferson Elementary School district, is producing excellent results, according to H. Z. Weibel, district superintendent.

Over 90 Daly City pupils are enrolled in the six-weeks course which provides concentrated work in reading, writing, arithmetic, spelling and language. The school opened June 28 and will close August 6.

Each teacher instructs from 24 to 28 children during the morning, but in order to give as much individual attention as possible to each child, the maximum class size is fourteen children. This is accomplished by scheduling one-half of the enrollment from 8 a.m. to 10 a.m. and the remaining children from 10:15 to 12:15 a.m.

"We feel that individualized instruction by well trained teachers is the key to rapid pupil progress. Intensive work in the basic skill subjects for two hours a day is of great value to those enrolled," Weibel noted.

Fred Schweickhardt, director of education, is assisting Weibel in the supervision of the summer program. Don Pagani is serving as teaching principal of the school located in the Woodrow Wilson school. His staff includes Miss Helen Hale, Mrs. Beverly LaMont, Miss Loretta McGarry and Mrs. Ethel Wood.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

No. 20608

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In The Matter of the Estate
—of—
MARGARET WARD,
Deceased.

Notice is hereby given that on or after 10:00 A.M., August 10, 1954, Harry F. Smith, executor of the will of Margaret Ward, deceased, will sell at private sale, upon the terms and conditions hereinafter set forth and subject to confirmation by the above-entitled Court, all the right, title, interest and estate of said Margaret Ward at the time of her death, and all the right, title and interest that the said estate has by operation of law or otherwise acquired, other than or in addition to that of the said decedent at the time of her death, in and to that certain real property situate, lying and being in the City of San Bruno, County of San Mateo, State of California, described as follows:

Lots numbered Thirty-three (33) and Thirty-four (34) in Block numbered Twenty-six (26) as shown on the official map of the Third Addition to San Bruno Park, filed in the office of the County Recorder of San Mateo County, at Redwood City, Cal., on the eighteenth day of October, 1905, and recorded in Map Book 3, page 80, of the Records of said County.

Said real property is commonly known as 325 Mastic Avenue, San Bruno, California

Terms and Conditions of Sale: Such sale will be made to the highest bidder for cash, lawful money of the United States, ten percent (10%) of the purchase price to be deposited with every bid, balance upon confirmation of sale by Court and delivery of deed; cost of recordation and title policy to be paid by buyer; taxes to be prorated to date of recordation of deed; bids or offers must be in writing and may be delivered to the undersigned attorneys for said executor, O'Gara and O'Gara, Suite 896 Mills Building, 220 Montgomery Street, San Francisco, California, or may be filed in the office of the Clerk of the above-entitled Court at any time after the first publication of this notice and before making of sale, the undersigned reserves the right to reject any and all bids.

Dated: San Francisco, California, July 19, 1954.

/s/ Harry E. Smith

NOTICE OF TRUSTEE'S SALE

On Wednesday, the 18th day of August, 1954, at the hour of 10 o'clock A.M., of said day, at the office of DEPAOLI and NICCO, 3700 El Camino Real, San Mateo, California, M. CATALANO, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of San Mateo, State of California, and described as follows, to-wit:

LOTS 22 and 62 in Block 25, as designated on the map entitled "AMENDED MAP OF SUBDIVISIONS NOS. 1, 2 & 3 of CITY OF VISITACION CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 14, 1908 in Book 6 of Maps at page 45.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by RONALD G. WILLSON and ALLA A. WILLSON, his wife, trustors, to M. CATALANO as trustee, for the benefit and security of SAMUEL F. CAPPA and INEZ M. CAPPA, his wife, Jt. tenants, dated February 29, 1952, and recorded March 5, 1952, in the office of the County Recorder of the County of San Mateo, State of California, in Liber 2210 of Official Records of said County, at page 514.

Dated July 19, 1954.

SUMMONS

No. 321061

IN THE MUNICIPAL COURT OF THE CITY AND COUNTY OF SAN FRANCISCO, STATE OF CALIFORNIA

L. LUDWIG,
Plaintiff.
vs.
RALSTON ALLAN, JR.
Defendant.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:
RALSTON ALLAN, JR.
Defendant.

The above named Plaintiff having brought action against you in the Municipal Court, of the City and County of San Francisco, State of California, by filing therein a complaint (copy of which is required to be served herewith);

YOU ARE HEREBY DIRECTED to appear at Room 300, City Hall, an answer (in writing) the said complaint within ten days (exclusive of the day of Service) after the service on you of this Summons, if served within this City and County, otherwise within thirty days. And you are hereby notified that unless you so appear and answer (in writing) the said complaint as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Municipal Court of the City and County of San Francisco, State of California.
(SEAL)
Dated August 17, 1953.
IVAN L. SLAVICH, Clerk of the Municipal Court.
By R. BEECHINOR,
Deputy Clerk.

NOTICE OF DEFAULT

WHEREAS, JOHN J. PINDROH and EVA Y. PINDROH, his wife, on August 24, 1950, made and executed to AMERICAN SECURITIES COMPANY, a corporation, as Trustee, for the benefit of AMERICAN TRUST COMPANY, a corporation, a deed of trust, which said deed of trust was recorded in the office of the County Recorder of the County of San Mateo, State of California, on August 29, 1950, in Liber 1927 of Official Records, at page 483.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that the grantor in said deed of trust named, has committed a breach of the obligation for which such deed of trust is security, the breach consisting of the failure to pay installments of principal and interest, as required thereby, and that the undersigned, beneficiary under said deed of trust, exercises its election to cause to be sold the property in said deed of trust described, to satisfy the obligation secured thereby, and unless said obligation is satisfied theretofore, that said property will be sold as provided in said deed of trust.

IN WITNESS WHEREOF, the undersigned has executed this instrument this 1st day of July, 1954.

Sterling Park Area May Incorporate Or Annex To Daly City

The Sterling Park Community association is now investigating the possibilities of annexation or incorporation for the now unincorporated areas of Colma, according to President Samuel Peeples.

"The preliminary survey is being conducted as the present trend of feeling in the area seems to tend toward annexation or incorporation," Peeples explained.

Investigation is being made by an elective committee of six men who will present their findings at the next regular meeting of the non-profit association on August 13.

"This survey is merely the first step in determining the existing status of the area concerned and whether that status might be improved by either of the two changes under consideration," Peeples specified.

Inquiries are now being made to the Broadmoor Fire and Police departments and various county offices to determine how the considered changes will effect the area. An association report considering annexation to the city of Daly City which was made about a year ago also is being reevaluated by the committee.

If the association decides upon either of the changes the proposal will come up for a public hearing before it is voted on by residents of the area.

If the majority of the unincorporated area voters approve annexation, the Daly City city council may pass on the annexation by ordinance or may submit the question to the electors of the city.

Members of the Sterling Park investigating committee are Peeples, Sam Welser, William Brown, Thomas Noonan, Bert Bovero and Fred Williams.

NOTICE TO PAVING CONTRACTORS (Advertisement)

Notice is hereby given that the Board of Trustees of the Jefferson Union High School District of San Mateo County will receive sealed bids for the furnishing of all labor, material and transportation necessary to complete certain paving and repairs to existing paving at the Jefferson Union High School at Daly City, in accordance with specifications on file at the District Superintendent's Office, 6996 Mission Street, Daly City, California. Sealed bids will be received at the District Superintendent's Office up to 7:30 P.M. on the 2nd day of August, 1954, at about which time said bids will be opened and publicly read aloud.

The prevailing rate of wages to be paid as determined by the Board of Trustees is as follows:

	Hour	Per Diem
Labor	$2.05	$16.40
Jackhammer & Vibrator Man	2.15	16.80
Dump Truck Driver Under 4 yds.	2.10	16.16
4 yds. & under 6 yds.	2.25	17.28
6 yds. & under 8 yds.	2.40	18.08
Blade Operators	2.87	23.44
Roller Operators	2.82	22.16

All other trades not hereinabove mentioned are to receive wages prescribed for that particular craft or type of workmen.

Each bid must be accompanied by a certified check or bid bond equal to 10% of the amount of the bid, payable to the Jefferson Union High school District, which shall guarantee that the bidder will enter into a contract satisfactory to the Board of Trustees, should his bid be accepted, and which shall be deemed liquidated damages for, a surrender to said Board upon failure or refusal to do so.

The successful bidder will be required to furnish a faithful performance bond in an amount equal to 100% of the contract price, and a labor and material bond in an amount equal to 50% of the contract price.

The said Board reserves the right to reject any and all bids and/or waive any irregularity in any bid received. No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated: July 12, 1954.

Launch Clean-Up Of Alemany Refuse

Daly City has undertaken a "clean-up" of Alemany boulevard in Westlake just off Junipero Serra boulevard.

The unsightliness of Alemany was brought up Monday night by Mayor Joseph Verducci, who said that "it looks like people are actually dumping their refuse there."

He said the area was littered with paper and other miscellaneous junk.

City Administrator Dan Andersen said a clean-up project was launched Monday.

Andersen explained that Alemany is a state highway, and Daly City will attempt to be reimbursed by the state for work done.

Modern Firehouse Nears Completion

When Daly City firemen began moving into the new $77,227 firehouse at Lake Merced off Alemany boulevard in Westlake this week, one of the most modern, extensively equipped fire stations in the Bay Area will be activated.

Landscaping of the site is already underway and lawn is being planted at the front of the building.

Because the outside work is proceeding ahead of schedule, the Daly City fire commission has tentatively set August 9 for a full-scale open house and dedication ceremonies.

Economy of Cost

The firehouse, designed by architect Louis Baldini and constructed by William Moroney company, has been built with economy of cost and speed of fire fighting operation in mind.

The building is unusual in that there are four separate methods of construction used—re-inforced concrete, tilt-up wall, masonry, and wood frame.

It has been said by local officials that, "Dollar for dollar, I don't see how we could have gotten more facilities for our money. In comparison with other municipal buildings, we have received more facilities at less cost."

In addition to the apparatus room, which will have a capacity of five pieces of equipment (officers' car, aerial engine, and three 1000 gallon pumpers) the firehouse facilities include an assembly hall, dark room, chief's office, control office, officers' dormitory, locker rooms, drying room for "turnout" clothes, firemen's dormitories accommodating 12 men, workshop for minor maintenance work, and a 36-foot drill tower.

Simulate Fires

The drill tower will be used to simulate actual fire-fighting conditions.

The lower part of the tower will be used as a smoke room, where firemen in training will enter the room in search of mock property after a smoke bomb has been exploded.

At the rear of the firehouse will be an asphalt area for use as a drill yard.

As Chief Elmer Kennedy points out, "Everything at the new firehouse has been designed to cope with the future growth of Daly City."

Hire Six Men

In conjunction with the opening of the new firehouse, the local council recently approved the hiring of six more full-time men for the fire department.

These men are currently undergoing intensive daily training which will ready them for full 24-hour shifts in about three months.

Addition of these men will bring total full-time fire department personnel to 19.

The tremendous growth of the Westlake area was one of the prime factors in bringing about the construction of the new firehouse.

The location has been termed ideal because it gives easy access to some 3000 homes in the area, and at the same time is away from residentially developed areas, thus making it possible for drills to be held without alarming homeowners.

Although the station is situated nearer Westlake, fire engines are only seconds away from eastern Daly City.

Hub of Operations

It is expected that the Westlake firehouse will eventually serve as a hub for operations of the local fire department.

Development of the Westlake fire house, sanctioned by the Daly City voters in a $179,000 fire improvement bond election last year, is only one facet of Daly City's fire-fighting advancement.

One reservoir in Westlake is under construction and another is in the planning stage and completion of these two projects will further advance Daly City's ability to cope with fire.

Although the fire department expansion program has placed Daly City residents under bonded obligation, it is expected that the improvements will later result in a saving.

Chief Kennedy explained that Daly City is now classed as a No. 4 city by the national board of fire underwriters.

On completion of the two reservoirs the city will call for a resurvey of the area's fire-fighting ability, which might result in lowering Daly City to the No. 3 category, meaning a considerable saving in fire insurance rate.

TIME FOR SIDE-TRIPS

When you plan your vacation tour this year, leave a little time fore side-trips, says the California State Automobile Association. Almost any trip you take will have at least one or two interesting attractions within easy distance but off the main route. A visit to these not only enriches your experience but makes an attractive break in the grind of steady driving to get to or from your destination. And you'll drive more safely for the relaxation, too.

Costello In 35-Point Outburst As Lincoln Varsity Nips Diggers

The Colma Spooks, displaying a driving fast break, defeated the Lincoln Bs by a score of 35 to 15 last week. Andy Ruelas led the scoring for both teams with 15 digits.

The Spooks maintained good ball control, passed well and displayed good floormanship which spelled the difference between the two teams. Finnley from Lincoln led the losers with eight points.

The varsity clubs put on a tremendous show with the Lincoln Park club coming out on the long end of a 64-60 score. Tom Costello put on a great shooting exhibition with a 35-point outburst. Time and time again a hard fighting Gravedigger club would come within a few points of the Lakers only to have Costello hitting from out and driving lay-ups by Rich Watso and Darrell Hutchinson push them out in the lead again.

Al Figone led the losers with 23 points followed by Wally Honeywell with 11, and Lagomarsino with 10.

Both clubs showed hustle, good floor work and deft passing. Two Lakers fouled out of the game which left them playing with only three players in the closing minutes of the game.

FIRE CHIEF Elmer Kennedy and Captain Mel Hanson take a quick inspection of landscaping progress at the new $77,227 Westlake firehouse, Lake Merced off Alemany boulevard. Men and equipment are scheduled to move into the modern building this week. Dedication ceremonies have been tentatively set for August 9.

THE RECORD photo

WESTLAKE ROCKETS OVERCOME FOUR RUN LEAD; TOP SAN BRUNO 9 to 4, TO RETAIN COUNTY LEAGUE LEADERSHIP

Overcoming an early four run deficit, the Westlake Rockets exploded for seven runs in a wild fourth inning to defeat the tough San Bruno Juniors, 9 to 4, in a San Mateo County league contest.

The Rockets win marked the fourth consecutive game in which the local lads came from behind to snatch victory from defeat. The Westlakers now remain one full game over their closest rival for the league leadership.

The San Bruno ball club jumped to a three run lead as early as the first inning when after two were out, they got to starting Westlake pitcher John Spadoni for three walks and a pair of singles. Another tally was picked up by the visitors in the succeeding inning when Eddi Leveroni, who relieved Spadoni, threw wild to third base. Leveroni, undefeated this year, shut out the out-of-towners the last five innings to gain credit for his sixth victory in as many starts.

Second baseman Ino Patron scored the first Westlake run in the third when he scampered home on Leveroni's smash to left. The game was iced in fourth when three San Bruno pitchers issued the amazing total of seven walks, a single and a batter hit by a pitched ball. When the smoke had cleared, the Westlakers scored seven runs to take a commanding eight to four lead. The home team added an insurance run in the fifth. Patron who had walked, was chased across by Paul Tapia's long single to left center.

The Westlakers travel down the coast this Saturday to battle the Sharp Park Juniors on the Sharp Park diamond at 10:30 a.m.

Plea is Issued For Right-Handed Pitcher

Know any good right-handed pitchers?

Jack Ingles, manager of the Westlake Homes club, this week put out an "all points bulletin" for a right-handed chucker.

Both of Ingles regular pitching staff members, Ed Lampe and Merl Craddick, are portsiders.

Joe Blea, a right-hander, was being broken in on the mound but has now been converted to short stop by Ingles.

Anyone knowing an available pitcher, right-handed species, has been asked to contact Ingles.

Four Share First In Saturday "A" Play at Merced Club

Four swingers shared first place in Saturday's Class A sweepstakes at Lake Merced Golf club.

In Sunday's Class A competition Dr. Maurice Eliaser copped low net with 76-10—66.

Results:

Saturday

Class A—Morrie Weinstein, 83-14—69; John Thomas, 78-9—69; Murry Warshauer, 83-14—69; Dr. Maurice Eliaser, 79-10—69.

Class B—Dr. Al Cohn, 84-15—69; Herman Sibell, 85-16—69; Dr. Sidney Baron, 92-21—71; Jerry Heller, 88-16—72.

Sunday

Class A—Dr. Maurice Eliaser, 76-10—66; George Shenson, 81-11—70; Leonard Bloch, 77-6—71; Dr. Lew Shelton, 78-7—71; John Thomas, 80-9—71; Dick Eichler, 75-4—71.

Class B—Summer Burrows, 87-21—66; Herman Sibell, 86-16—70; Jerry Stoff, 85-14 — 71; Harry Cohen, 90-19—71; Sam Ladar, 87-14—73; Al Pollack, 100-27—73.

Although tree farming is only 13 years old in the United States, there are now 5197 units containing 30,842,013 acres.

Other low-priced cars would like to offer you:

V-8 POWER
Ford offers "eight" power. And what an "eight!" Deep-block, low-friction design gives you smoother, quieter performance . . . more "Go" from your gas. And it costs less than even most sixes!

Ball-Joint Suspension
Ford in '54 gives you the most advanced ride in twenty years! Now Ball-Joint Front Suspension makes steering, handling a breeze . . . levels the ruttiest roads. That "new car" feel is yours longer, too, with 12 wear points gone.

More modern looks
Three lines, 14 body styles give clean lines at their best. Tailored inside and out in new colors, seat fabrics, and handsome trims the '54 Ford sets the "look of tomorrow." (The look *other* low-priced cars won't have till then!)

Best resale value
And when it comes time to sell, Ford is *still* way out front! Used car buyers go for its advances, too. Statistics prove: Ford returns more of its original price when sold than any of its competitors.

but only FORD does!

Come in . . . TEST DRIVE it . . . and get the good price news!
